U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
9688-150

Date of Issuance:
JUL - 7 1999

NOTICE OF PESTICIDE:
 x Registration
 Reregistration

Term of Issuance:
Conditional

Name of Pesticide Product:
Chemsico Aerosol
Insecticide PP

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Chemsico
Div. Of United Industries Corp
P.O. Box 15842
St. Louis, MO 63114

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 9688-150".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Signature of Approving Official:

for Joseph M. Savano
Marion J. Johnson, Jr.

Date:

CAUTION See back for additional precautionary statements

NET WT. 15 OZ. (426 g)

General Use Product

[Chemsico Aerosol Insecticide PP is a highly effective formulation [product], which kills insects fast. Use it as a space spray to treat flying insects or as a crack and crevice spray to treat crawling insects.]

Use in homes, apartments, schools, hospitals, office buildings, institutions, hotels, motels, food plants, supermarkets, drug stores, restaurants, theaters, drive-ins, dairies, and kennels.

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE PRECAUTIONS

1. Do not allow people or pets to contact treated surfaces until dry.
2. Remove pets and cover fish tanks before spraying.
3. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.
4. Exposed food should be covered or removed.

HOW TO USE

1. Shake well before using and during use.
2. Hold container upright with nozzle pointed away from you.
3. Press nozzle down and spray as directed [below].
4. Do not spray at close range to avoid staining of fabric or surfaces.

[CRAWLING INSECTS]

[For] Cockroaches [roaches], Palmetto bugs, Waterbugs, Silverfish, Firebrats, Crickets, Pillbugs, Spiders, Centipedes and Sowbugs – Spray into hiding places such as cracks and crevices, along baseboards, around [and behind] sinks, stoves, refrigerators, cabinets, plumbing and wherever else insects may hide or enter. Spray directly on insects where possible. Repeat as needed.

[For] Ants – Spray trails, nests and points of entry into buildings. Spray ants where possible. Repeat as needed.

[For] Bedbugs - Spray mattresses, concentrating on tufts, folds and seams. Take bed apart and spray into all joints. Also treat baseboards, moldings and floor. Allow items to thoroughly dry before use. Repeat as necessary.

[For] Fleas and Brown dog ticks – Thoroughly spray pet bedding and other resting areas. Spray nearby cracks, crevices, and baseboards. Treat the entire inside surfaces of doghouses and kennels. Make sure items are completely dry before using. [To control the source of infestations, treat pets with a product registered for pet use [such as . . .]. Also treat yards with a product registered for yard use [such as . . .]. Do not use on pets.

[For] Confused flour beetles, Sawtoothed Grain beetles, Granary weevils, Rice weevils, Red flour beetles and Grain mites – Spray into cracks and crevices, around cartons, containers, processing and handling equipment and wherever else insects may hide. Spray 30 seconds for each 100 square feet of surface. Also directly spray insects where possible. Keep area closed for 45 – 60 minutes after treating. Repeat as needed.

[FLYING INSECTS]

[For] Flies, Mosquitoes, Gnats, Midges, Wasps, Hornets and Flying moths (millers) - Close all doors and windows. Spray with a slow sweeping motion at the rate of 1 - 3 seconds per 1,000 cubic feet. Direct spray to all parts of the room, especially windows and other light sources, which attract insects. Keep room closed for 10 – 15 minutes after spraying. Repeat as needed.

Indian meal moths and Angoumois grain moths - Close all doors and windows. Spray 7 to 10 seconds for every 1,000 cubic feet. Use a sweeping motion and direct spray to all parts of the area, especially around stored food product containers, pallets and darkened areas. Give special attention to windows and other light sources, which attract insects. Keep area closed for 15 minutes after spraying. Repeat as needed.

Optional Marketing Language and Directions for a Product with an Extension Tube

OPTIONAL MARKETING CLAIMS

[Includes an attachable [extension] tube to kill insects where they hide [live] • Includes an attachable [extension] tube for hard to reach places]

Chemsico Aerosol Insecticide PP is a highly effective formulation [product], which kills crawling insects fast. Spray into hard to reach areas, such as cracks and crevices in walls, along baseboards, around piping and anywhere insects hide.]

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE PRECAUTIONS

1. Do not allow people or pets to contact treated surfaces until dry.
2. Remove pets and cover fish tanks before spraying.
3. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.
4. Exposed food should be covered or removed.

HOW TO USE

1. Shake well before using and during use.
2. Hold container upright with nozzle pointed away from you.
3. Press nozzle down and spray as directed [below].
4. Spray surfaces until wet, moving the spray rapidly to prevent excessive wetting and waste of product.
5. Do not spray at close range to avoid staining of fabric or surfaces.

[CRAWLING INSECTS]

[For] Cockroaches [roaches], Palmetto bugs, Water bugs, Silver-

fish, Firebrats, Crickets, Pillbugs, Spiders, Centipedes and Sow-bugs – Spray into hiding places such as cracks and crevices, along baseboards, around [and behind] sinks, stoves, refrigerators, cabinets, plumbing and wherever else insects may hide or enter. Spray directly on insects where possible. Repeat as needed. When spraying into hard to reach areas, such as cracks, crevices, baseboards, and around piping where insects hide, use the attachable [extension] tube. To use the attachable [extension] tube, simply insert it into the spray button [tip] [actuator].

[For] Ants – Spray trails, nests and points of entry into buildings. Spray ants where possible. Repeat as needed.

[For] Bedbugs - Spray mattresses, concentrating on tufts, folds and seams. Take bed apart and spray into all joints. Also treat baseboards, moldings and floor. Allow items to thoroughly dry before use. Repeat as necessary.

[For] Fleas and Brown dog ticks – Thoroughly spray pet bedding and other resting areas. Spray nearby cracks, crevices, and baseboards. Treat the entire inside surfaces of doghouses and kennels. Make sure items are completely dry before using. [To control the source of infestations, treat pets with a product registered for pet use [such as . . .]. Also treat yards with a product registered for yard use [such as . . .]. Do not use on pets.

[For] Confused flour beetles, Sawtoothed Grain beetles, Granary weevils, Rice weevils, Red flour beetles and Grain mites – Spray into cracks and crevices, around cartons, containers, processing and handling equipment and wherever else insects may hide. Spray 30 seconds for each 100 square feet of surface. Also directly spray insects where possible. Keep area closed for 45 – 60 minutes after treating. Repeat as needed.

[FLYING INSECTS]

[For] Flies, Mosquitoes, Gnats, Midges, Wasps, Hornets and Flying moths (millers) - Close all doors and windows. Spray with a slow sweeping motion at the rate of 1 - 3 seconds per 1,000 cubic feet. Direct spray to all parts of the room, especially windows and other light sources, which attract insects. Keep room closed for 10 – 15 minutes after spraying. Repeat as needed.

Indian meal moths and Angoumois grain moths - Close all doors and windows. Spray 7 to 10 seconds for every 1,000 cubic feet. Use a sweeping motion and direct spray to all parts of the area, especially around stored food product containers, pallets and darkened areas. Give special attention to windows and other light sources, which attract insects. Keep area closed for 15 minutes after spraying. Repeat as needed.

Storage & Disposal and Precautionary Statements for Both Options

STORAGE AND DISPOSAL

Store in a cool area away from heat or open flame. Discard container in trash. Do not puncture or incinerate.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. Wash thoroughly with soap and water after handling. Remove pets and birds, and cover fish aquariums before spraying. Vacate premises after treatment and ventilate before re-occupying.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is underway. After space spraying in food processing plants, wash with potable water, all equipment, benches, shelving, etc. where exposed food will be handled. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

First Aid

If in Eyes: Flush eyes with plenty of water. Call a physician if irritation persists. **If on Skin:** Wash with plenty of soap and water. Get medical attention if irritation persists.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open

flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
