U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
9688-164

Date of Issuance:
JUN 23 2000

NOTICE OF PESTICIDE:

- Registration
- Reregistration

Term of Issuance: **Unconditional**

Name of Pesticide Product:

Chemsico Aerosol
Insecticide T

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Chemsico, Div. Of United Industries Corp.
P.O. Box 15842
St. Louis, MO 63144

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5), provided that you:

1. Make the following labeling changes listed below before you release the product for shipment:
 - a. On the side panel of your label, under the "Precautionary Statements" section, please change the second and third sentence to " Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.
 - b. Add the following statement to the front of the label "For Residential Use Only."
 - c. EPA has issued PR Notice 2000-3 revising first aid statements. This notice is currently pending public comments. The following are revised statements that will be required for products placed in toxicity category III and above. You may wish to incorporate these statements on your labeling at this time.

"IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice."

Signature of Approving Official:

George T. LaRocca

Date:

JUN 23 2000

17505C / SPART

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice”.

- d. Revise the language in your boxed text to read: “The purpose of such applications of Chemsico Aerosol Insecticide T is to kill workers or winged reproductive forms which may be present in treated channels at the time of treatment. Such applications are not a substitute for mechanical alteration, soil treatment or foundation treatment but are merely a supplement. This product is not recommended as sole protection against termites. For active termite infestations, get a professional inspection.”
 - e. Please move your STORAGE AND DISPOSAL section to the end of last panel of your label.
 - f. Change all references to “termites” to “For above ground termite infestations”.
 - g. Delete the sentence “Apply Chemsico...instructions.”
 - h. Under the OPTIONAL MARKETING CLAIMS, delete the first sentence: “Expanding foam reaches termites* [insects][pests] where they hide.” There is no evidence that the expanding foam will actually reach termites where they hide. Revise the second sentence to read “Expanding foam kills termites on contact in their tunnels.”
 - i. Under the HOW TO USE section, delete the statement “Spray heavily into areas vulnerable to attack [damage].” This is a subjective statement since you have not quantified what the term “Spray heavily” means.
2. Please submit two (2) copies of your final printed label before you release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling. Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Dr. William Sproat of my team at (703) 308-8587.

Sincerely,

George T. LaRocca
Product Manager (13)

Registration Division (7505C)

Enclosure

AEROSOL INSECTICIDE T

[Kills termites* • Kills termites* (exposed drywood, dampwood & subterranean) • Kills on contact • Kills fast • Fast killing • Includes an attachable [extension] tube for localized treatment of termites* • Includes an attachable [extension] tube to reach termites* • Use indoors and outdoors • Water-based • No oily residue • Non-staining • Unscented • Leaves no odor]

*For localized control only

Active Ingredients:

Tralomethrin	0.03%
d-trans Allethrin	0.05%
Other Ingredients	99.92%

Tralomethrin supplied under license from Aventis Environmental Science.

KEEP OUT OF REACH OF CHILDREN

CAUTION See back for additional precautionary statements

NET WT. 12 OZ.

OPTIONAL MARKETING CLAIMS

[Chemsico Aerosol Insecticide T is highly effective against termites*. It can be sprayed indoors and outdoors on wooden surfaces to kill termites*. Use the attachable [extension] tube to spray into hard to reach areas, such as voids and tunnels [channels] in damaged wood, along cracks, termite tunnels, and along crawl spaces and other wood surfaces.]

*For localized control only.

STOP. Read entire label before use.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *For use around the home only.*

Do not allow people or pets to contact treated surfaces until dry.

HOW TO USE

For spot treatment only. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Avoid contamination of food and drinking water. Remove pets and cover aquariums before spraying.

Shake well before using. Insert attachable [extension] tube into the spray button [tip] [actuator]. Spray heavily into areas vulnerable to attack [damage]. Apply evenly, avoid dripping and runoff.

Treat infested areas and areas likely to be infested, such as wood surfaces, voids and tunnels [channels] in damaged wood, behind veneers, in structural voids, (between stud walls and spaces between wood and foundations), along cracks, and along crawl spaces. Termites coming in contact with the product will be killed.

TIPS TO REDUCE THE RISK OF TERMITES

In addition to using this product to spot treat for termites, there are some important steps you can take to reduce the risk of get-

ting termites:

- ✓ Eliminate sources of moisture for termites (any areas that remain moist inside and outside the home)
- ✓ Remove food sources (any direct wood to ground contact, including branches for trees and shrubs)
- ✓ Apply a pre-treatment when building a new home
- ✓ Have a regular termite inspection
- ✓ Apply Chemsico Insect Bait A as an aid in killing termites in the soil around your home, following all package instructions. [Apply a product registered for termite perimeter treatment around your home.]

***For localized termite control only. Not recommended as sole protection against termites. For active infestations get a professional inspection.**

STORAGE AND DISPOSAL

Store in a cool, dry area away from heat or open flame. Securely wrap original container in several layers of newspaper and discard container in trash. Do not incinerate or puncture container.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Washing hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco will reduce exposure. Removing and washing contaminated clothing may reduce exposure.

First Aid

If on Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a Poison Control Center or doctor for treatment advice. Have the product container with you when calling a Poison Control Center or
