SUBJECT: Application for Pesticide Notification (PRN 98-10)  
Request General Label Change (Marketing Claims)  
EPA Reg. No. 9688-165  
Application Dated September 28, 2010

Dear Registrant:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated 09/28/10 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-5335 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

A handwritten signature in black ink that reads "Paul J. Mastradone".

Prevents and cures Major Lawn Diseases including Anthracnose, Brown Patch, Copper Spot, Dollar Spot, Leaf Spot (including Septoria, Zonate), Melting Out, Crown Rot, Leaf Smuts, Powdery Mildew, Rust, Red Thread, Spring Dead Spot, Necrotic Ring Spot and Summer Patch

**Where to Use:** (grass icon)

Lawns

**When To Use:**

Start Treating When Grass Begins to Turn Green in Spring or When Signs of Diseases are First Noticed

**Questions & Comments** (phone icon) (computer icon)

Call 1-800-332-5553 or Visit our Website at [www.spectracide.com](http://www.spectracide.com)

**STOP. READ ENTIRE LABEL BEFORE USE.****DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *Intended for residential use.*

Do not allow people or pets to contact treated plants until spray has dried.

**WHEN TO USE**

This product is highly effective when it is used to prevent diseases or applied at the first sign of disease. Start treating when grass begins to turn green in the spring or when signs of diseases are first noticed. For best disease control, treat every 2 weeks.

**RESTRICTIONS**

Do not apply more than 13 treatments per year. In Nassau and Suffolk Counties in New York State, do not apply more than 3 times per given area per year.

Do not treat lawns during periods of stress, i.e. heat, drought, flooding, insects, excessive fertilizer, herbicides or pesticide use, etc.

Do not apply when temperatures are above 85°F as injury to lawn can occur.

If it rains before product has dried, reapply.

If you need more information, contact your local County Extension Service.

**HOW TO USE**

Determine the size of the area (lawn) to be treated. To calculate square feet, multiply length by width.

Start at the farthest point to be treated and work backward so you don't walk over treated area. Walk at a steady pace and spray using a side-to-side [arc] motion, slightly overlapping the treated area.

The entire [32 oz] bottle will treat 3,000 sq ft of lawn. Refer to [sight gauge] [Easy-View] [Clear-View] measuring window to guide coverage. When bottle is half empty, you should have covered half the area.

Wash hands with soap and water promptly after use and after contact with treated plants on day of application.

**ENTIRE LAWN****HOSE END SPRAYER INSTRUCTIONS [Dial Button]**

1. **Shake container well before using.**
2. Connect a garden hose to the Ready Spray nozzle. Make sure the dial on the nozzle is in the "OFF" position with the [green] safety tab in the valve notch.
3. Turn on water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
4. To BEGIN spraying, point nozzle toward lawn or plants to be treated and 1.) bend the [green] safety tab (located at right of [yellow] dial) back and hold, 2.) using your other hand, QUICKLY turn the dial clockwise until it stops and [green] tab engages into notch. Water will automatically mix with the product.
5. Spray lawn or plants thoroughly. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas. One quart will treat 3,000 sq ft. Calculate square feet by multiplying length by width. Refer to sight gauge to guide coverage (example: when bottle is half empty, you should have covered half the area).
6. To STOP spraying, QUICKLY turn the dial in the opposite direction of "ON" (counter clockwise) until it stops and the safety tab engages into the notch. Turn water off at faucet. To relieve pressure before removing nozzle from hose, bend the safety tab back and turn dial "ON" until water stops spraying.
7. To STORE unused product, make sure the dial is in the "OFF" position with the green safety tab in the valve notch. Place in a cool area away from heat, sunlight or open flame.

Rainproof – rain or watering 2 hours after application will not wash away effectiveness. [If rainfall occurs within 2 hours of application, the product should be reapplied.]

*NOTE: This product is non-staining to most home siding depending on age and cleanliness. However, before using in areas where the spray may contact home siding (vinyl siding in particular), test in an inconspicuous area and recheck in a few hours. Do not use if any staining is observed.*

**STORAGE AND DISPOSAL**

**Pesticide Storage:** Store in a cool, dry area away from heat and open flame.

**Pesticide Disposal:** **If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**CAUTION.** Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if swallowed. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

<b>First Aid</b>	
<b>If in Eyes:</b>	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call a Poison Control Center or doctor for treatment advice.</li> </ul>
<b>If Swallowed:</b>	<ul style="list-style-type: none"> <li>• Call a Poison Control Center or doctor immediately for treatment advice.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to do so by the Poison Control Center or doctor.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.	

**Environmental Hazards**

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

**NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.**

[\*Guaranteed Results - If you are not satisfied with the product for any reason, send your written request for a refund to the address below, together with the original dated store receipt showing the price you paid. Please allow 6-8 weeks for processing.]
