**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5), provided that you:

1. Make the following labeling changes listed below before you release the product for shipment:
  - a. On the side panel of your label, under the "Precautionary Statements" section, please move the "Remove pets and cover aquariums before spraying" to the "Directions for Use" section of your label.
  - b. Delete the statement "No unpleasant odor." This is a subjective statement based on the sensitivity of the user.
  - c. Delete the residual claims for "Spiders (including Black Widow Spiders)" from the label. Your submitted efficacy data does not support these claims.
  - d. Under "Directions for Use", please add "Do not use in food/feed handling establishments, restaurants, or other places where food/feed is commercially processed, prepared, or served."

- e. Under "How to Use", please add "Exposed food should be covered or removed before application."
2. Indicate on your label the ratio of the cis to trans isomers in imiprothrin. Further, on your Confidential Statement of Formula (CSF), identify cis and trans imiprothrin separately, by CAS number and chemical name. Also, identify whether the CAS number listed for imiprothrin is for the cis or trans.
3. Please submit two (2) copies of your final printed label for before your release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling. Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Dr. William Sproat of my team at (703) 308-8587.

Sincerely,

George T. LaRocca
