Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 - Update guarantee language. Add marketing graphics and website address.  
Product Name: CHEMSICO INSECT GRANULES FORMULA L  
Admin Number: 9688-174  
EPA Receipt Date: 01/30/2026  
Action Case Number: 00683223

Dear Morgan A. Shaffer:

The U.S. Environmental Protection Agency is in receipt of your application for notification under Pesticide Registration Notice 98-10 for the above referenced product. The EPA has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have questions, please contact Jamey Shuler via email at [shuler.jamey@epa.gov](mailto:shuler.jamey@epa.gov).

Sincerely,

*Jamey Shuler (for)*

Kills Fire Ant Queen and Colony in 24 hours [Limits [new] mound formation] [Helps prevent mound formation]

**Where to Use:**

Outdoors, on Fire Ant Mounds

**When to Use:**

For Best Results, apply in Morning or Evening Hours

**Questions & Comments:** (icon phone) (icon computer)  
 Call 1-800-332-5553 or Visit our Website at www.xxx.com

## STOP. READ ENTIRE LABEL BEFORE USE

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Keep children and pets off treated areas until product has been watered in and treatment area is dry.

All applications must be limited to applications directly to fire ant mounds and ant hills.

**Do not apply within 25 feet of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries and commercial fish farm ponds.**

Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios.

Do not apply or irrigate to the point of runoff. Treat surfaces to ensure thorough coverage but avoid runoff.

Do not apply the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

## MOUND TREATMENT

[Kills the queen and colony]

1. Sprinkle 1/2 cup granules over and 2 feet around each mound.
2. Immediately after applying, *GENTLY* water in granules using at least 1 gallon of water for each mound. Do not apply within 24 hours of rain. Do not allow to run off from target site.
3. Treat new mounds as they appear.
4. For spot treatment of ants, other than fire ants: Apply 1 – 1 1/2 teaspoons over and around each ant hill. Spot treatments must not exceed two square feet in size (for example, 2 ft. by 1 ft. or 4 ft. by 0.5 ft.).

## USE TIPS

1. For best results, apply in morning or evening hours. At these times, fire ants are closer to the surface virtually assuring the product will contact them.
2. Gentle application of water is important as high pressure spray may disturb ants and cause migration, reducing product effectiveness.

## STORAGE AND DISPOSAL

Reclose bag tightly after each use. Store in a cool, dry area which is inaccessible to children and pets. **If Empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. **If Partly Filled:** Call your local solid waste agency for disposal instructions. Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options.

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

**CAUTION:** Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly after handling and before eating or smoking. Food utensils such as spoons or measuring cups must not be used for food purposes after use in measuring pesticides.

### First Aid

**If Swallowed:** Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

### Environmental Hazards

This product is highly toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the garden will help to prevent run off to water bodies or drainage systems.

**NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.**
