U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:

9688-185

Date of Issuance:

JAN 28 2002

Term of Issuance: Unconditional

Name of Pesticide Product:

Chemsico Tralomethrin  
Insecticide C

## NOTICE OF PESTICIDE:

 Registration Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Chemsico, Division of United Industries Corp.  
P.O. Box 142642  
St. Louis, MO 63114

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3).

1. The terms "New", "Improved", "New Formula" and "Unique" can be incorporated on labeling for a period of 6 months following initial marketing of the product. After that time, they must be deleted.
2. Submit two (2) copies of your final printed label before you release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling.

A stamped copy of the label is enclosed for your records. Copies of the science reviews completed in connection with this registration (product chemistry, efficacy and acute toxicity reviews) are also enclosed.

Signature of Approving Official:

### OPTIONAL MARKETING LANGUAGE

[Chemsico Tralomethrin Insecticide C [also] stays on treated surfaces providing insect protection for up to [4,8,12] weeks [1,2,3 months].

[Chemsico Tralomethrin Insecticide C [kills] [controls] ants (including carpenter ants), roaches, crickets and fleas for up to [1, 2, 3 months] [4, 8, 12 weeks]. It also kills brown dog ticks and other listed insects.]

[Chemsico Tralomethrin Insecticide C] [with ETOC™] kills roaches [bugs] [insects] in two ways:

1. kills [bugs fast] on contact
2. keeps on killing [with residual action even after you spray], for up to 3 months [12 weeks]]

### STOP! READ ENTIRE LABEL BEFORE USE.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *For use inside the home only.*

#### HOW TO USE

**Shake well before using.** Spray surfaces until wet, moving the spray rapidly to prevent excessive wetting and waste of product. Point spray away from people, pets and plants. Do not use as a room spray.

Remove pets and cover aquariums before spraying. Do not allow the spray to contact food or food contacting surfaces. Exposed food should be covered or removed before application. Thoroughly wash dishes, utensils and counter tops with soap and water if they are sprayed with this product. Do not allow people or pets to contact treated surfaces until spray has dried.

#### WHERE TO USE

Indoors as spot treatment for control of **Cockroaches, Ants, Carpenter Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats and Silverfish.** Direct spray into cracks and crevices in walls, dark corners of rooms, cabinets and closets, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations, around waste containers and wherever else these pests may find entrance. Residual activity lasts up to three months[12 weeks]. [Alternate: Kills returning insects for up to 12 weeks[3 months]]. **Spiders (including black widow spiders) must be sprayed directly to be killed.**

**For control of Fleas and Brown Dog Ticks,** spray infested areas such as pet beds and

3/5

resting quarters, nearby cracks and crevices, along and behind baseboards, window and doorframes and localized areas of floor coverings where these pests may be present. Test inconspicuous sample of fabric or rug for staining before use. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after treatment of pet area. **Do not treat pets with this product.** To control the source of flea infestations, treat your pet with a product registered for animal application [such as . . .]. Also treat your yard with a product registered for yard application [such as . . .].

**For control of Carpet Beetles**, spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelves and wherever else these insects are seen or suspected. Test inconspicuous sample of fabric or rug for staining before use. *Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.*

## STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Do Not Puncture or Incinerate! If **empty**: Place in trash or offer for recycling if available. If **partly filled**: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

**CAUTION:** Avoid contact with skin, eyes, or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after handling.

### First Aid

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Have the product container with you when calling a Poison Control Center or doctor, or going for treatment.

### Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

**NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.**

**Questions or comments?** Call 1-800-332-5553 [or visit our website at [www.spectrumbrands.com](http://www.spectrumbrands.com)]

[Contains NO CFC's or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.]

[\*If you are not satisfied with this product for any reason send your written request for a refund to the address below, together with the dated store receipt showing the price you paid. Please allow 6-8 weeks for processing]

## OPTIONAL FORMAT - SIMPLIFIED DIRECTIONS

### Kills

- Cockroaches [Roaches]
- Ants
- Carpenter Ants
- Crickets
- Firebrats
- Silverfish
- Spiders (including Black Widow Spiders)(*spiders must be sprayed directly to be killed*)

**STOP.** Read entire label before use.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *For use inside the home only.*

### HOW TO USE

1. Shake well before each use.
2. Spray insects to kill on contact.
3. For long-lasting control, treat areas where insects are commonly found. Spray surfaces until wet, moving the spray rapidly to prevent excessive wetting and waste of product. [Alternate: Spray surfaces until wet, but avoid excessive wetting and waste of product.]
4. When treating for ants, spray around door and window frames. Also treat other entry points and trails. [Kills returning insects for up to 3 months.]

NOTE: Point spray away from people, pets and plants. Do not use as a room spray. Remove pets and cover aquariums before spraying. Do not allow the spray to contact food or food contacting surfaces. Exposed food should be covered or removed before application. Thoroughly wash dishes, utensils and counter tops with soap and water if they are sprayed with this product. Do not allow people or pets to contact treated surfaces until spray has dried.
