UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, D.C. 20460

OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

DEC 20 2012

Mr. Eric Smith  
Chemsico, Div of United Industries Corp.  
P.O. Box 142642  
St. Louis, MO 63114

Dear Mr. Smith:

Subject: Application for Pesticide Notification (PRN 98-10)  
Add lemon fragrance claim and optional graphic  
Chemsico Aerosol Insecticide EL-A  
EPA Reg. No. 9688-187  
Your submission dated May 24, 2012

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated May 24, 2012 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions regarding this letter, please contact Dana Pilitt, PhD of my staff at (703) 305-7071 or via e-mail at [pilitt.dana@epa.gov](mailto:pilitt.dana@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Richard Gebken  
Product Manager 10  
Insecticide Branch  
Registration Division (7505P)

**NOTIFICATION PER PR NOTICE 98-10**

May 24, 2012

Document Processing Desk (NOTIF)  
Office of Pesticide Programs  
United States Environmental Protection Agency  
Room S4900, One Potomac Yard  
2777 S. Crystal Drive  
Arlington, VA 22202-4501

Attention: Mr. Mark Suarez  
Product Manager 13

Subject: **Notification of Additional Fragrance per PR Notice 98-10**  
**Chemsico Aerosol Insecticide EL-A**  
**EPA Reg. No. 9688-187**

Please find the enclosed notification to add a lemon fragrance claim to the master label with the option of depicting the fragrance graphically on the label. We understand the Agency has been cautious in allowing graphic depictions of fruit on pesticide products but will review the proposal on a case-by-case basis as part of the notification process, as indicated in the Agency's November 2002 guidance document (copy included). A copy of the actual market label bearing the proposed graphic icon has been included with this notification.

*This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.*

The following documents are enclosed in support of this submission:

1. Application for Pesticide (EPA Form 8570-1)
2. One copy of the proposed label *with changes highlighted*
3. ~~One~~ <sup>One</sup> copies of the proposed label
4. One copy of the graphic market label
5. A copy of the EPA Guidance Document

Please call me at 1-800-242-1166, Ext. 2455 you have questions or need further information. Thank you very much for your attention to our application.

Sincerely,

Eric D. Smith  
Regulatory Affairs Manager

### NOTIFICATION

ETOC™ is a registered trademark of Sumitomo Chemical Company

DEC 20 2012

[Bracketed Text] = Optional language

### OPTIONAL MARKETING LANGUAGE

[Chemsico Aerosol Insecticide EL-A [also] stays on treated surfaces providing insect protection for up to [4, 8, 12] weeks [1, 2, 3 months].

[Chemsico Aerosol Insecticide EL-A [kills] [controls] ants [including carpenter ants], roaches, and crickets, for up to [1, 2, 3 months] [4, 8, 12 weeks]. It also kills brown dog ticks, fleas, spiders and other listed insects.]

[Chemsico Aerosol Insecticide EL-A] [with ETOC™] kills roaches [bugs] [insects] in two ways:

1. Kills [bugs fast] on contact
2. Keeps on killing [with residual action even after you spray], for up to 3 months [12 weeks]

### STOP! READ ENTIRE LABEL BEFORE USE.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For indoor residential use only.

### HOW TO USE

**Shake well before using.** Spray surfaces until wet, moving the spray rapidly to prevent excessive wetting and waste of product. Point spray away from people, pets and plants.

Do not use as a room spray.

Remove pets and cover aquariums before spraying. Do not allow the spray to contact food or food contacting surfaces. Thoroughly wash dishes, utensils and counter tops with soap and water if they are sprayed with this product.

### WHERE TO USE

Indoors as spot treatment for control of **Cockroaches, Ants, Carpenter Ants, Spiders, Crickets, Firebrats and Silverfish.** Direct spray into cracks and crevices in walls, dark corners of rooms, cabinets and closets, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations, around waste containers and wherever else these pests may find entrance. Residual activity lasts up to three months [12 weeks]. [Alternate: Kills returning insects for up to 12 weeks [3 months]].

**For control of Fleas and Brown Dog Ticks,** spray infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor coverings where these pests may be present. Test inconspicuous sample of fabric or rug for staining before use. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after treatment of pet area. **Do not treat pets with this product.** To control the source of flea infestations, treat your pet with a product registered for animal application [such as . . .]. Also treat your yard with a product registered for yard application [such as . . .].

4/9

**STORAGE AND DISPOSAL**

Store in cool, dry area away from heat or open flame. Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**CAUTION:** Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

**First Aid**

**If Swallowed:** Immediately call a Poison Control Center or doctor. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

Have the product container with you when calling a Poison Control Center or doctor, or going for treatment.

**Note to Physician:** Contains petroleum distillates - vomiting may cause aspiration pneumonia.

**Physical or Chemical Hazards**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

**NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.**

**Questions or comments?** Call 1-800-332-5553 [or visit our website at [www.spectrumbrands.com](http://www.spectrumbrands.com)]

[Contains NO CFC's or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.]

## OPTIONAL FORMAT – TERMITE PRODUCT

For Residential Use Only

[Kills termites\* • Kills termites\* [exposed drywood, dampwood & subterranean] • Kills on contact • Kills fast • Fast killing • Includes an attachable [extension] tube for localized treatment of termites\* • Includes an attachable [extension] tube to reach termites\* • Use indoors and outdoors • Water-based • No oily residue • Non-staining • Unscented • Leaves no odor] • kills carpenter bees • kills carpenter bees on contact • Kills ground nesting yellowjackets • kills ground nesting yellowjackets and carpenter bees • kills ground nesting yellowjackets and carpenter bees on contact

\*For localized kill only of above ground drywood termite infestations.

## Optional Marketing Language & Directions for a Foaming Termite Product

### OPTIONAL MARKETING CLAIMS

[Expanding foam kills termites\* on contact in their tunnels] • [Chemsico Aerosol Insecticide EL-A is highly effective against above ground termite infestations.\*\* It can be sprayed indoors and outdoors on wooden surfaces. The foam expands to where insects live [and eventually dissipates]. Spray [the foaming aerosol] into hard to reach areas, such as voids and tunnels [channels] in damaged wood, along cracks, termite tunnels, and along crawl spaces and other wood surfaces anywhere insects hide.]

\*For localized kill only of above ground drywood termite infestations.

\*\*For localized kill only.

### STOP. Read entire label before use.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not allow people or pets to contact treated surfaces until dry.

Do not water the treated area to the point of run-off. Do not make applications during rain. All outdoor applications must be limited to spot or crack-and-crevice treatments only.

All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications only.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

### HOW TO USE

For spot treatment only. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Avoid contamination of food and drinking water. Remove pets and cover aquariums before spraying.

SHAKE WELL BEFORE USING. [Push extension tube into nozzle located above the trigger and remove safety tab.] [Tilt extension tube to a 90° angle with can.] Point away from face. [Slowly pull trigger to dispense foam.] Apply evenly, avoid dripping and runoff. [Graphic icon]

Treat infested areas and areas likely to be infested, such as wood surfaces, voids and tunnels [channels] in damaged wood, behind veneers, in structural voids, [between stud walls and spaces between wood and foundations], along cracks, and along crawl spaces. Termites' coming in contact with the product will be killed.

### TIPS TO REDUCE THE RISK OF TERMITES†

In addition to using this product to spot treat for termites., there are some important steps you can take to reduce the risk of getting termites:

- ✓ Eliminate sources of moisture for termites [any areas that remain moist inside and outside the home]
- ✓ Remove food sources [any direct wood to ground contact, including branches for trees and shrubs]
- ✓ Apply a pre-treatment when building a new home
- ✓ Have a regular termite inspection

†This [product] [treatment] will kill workers and/or winged reproductive forms of termites present at the time of application only. For active, structural infestations by subterranean termites this product can only be used to supplement application of a federally registered stand-alone termiticide. Application of this product will not provide structural protection, nor substitute for mechanical alteration, soil or foundation treatment with termiticide. This product is not to be used as sole protection against termites, as it will neither eliminate termite infestations nor provide protection against future infestations. A professional inspection is recommended.

**For Carpenter Bees**

Treat active tunnels where carpenter bee activity has been observed. Leave the entrance hole open for 48 hours after application to allow the bees to contact and distribute the insecticide throughout the nest galleries. Then plug the entrance hole with a piece of wooden dowel coated with carpenter's glue or wood putty. Plugging the hole will prevent re-infestation of old nesting tunnels and reduce the chances of wood decay.

**For Ground Nesting Yellowjackets**

Using [attached][included] extension tube spray product directly into holes in ground where yellowjacket activity has been observed. After 24 hours cover the hole with soil. For best results spray early in the morning or late in the evening when activity is low and most yellowjackets are in the nest.

**STORAGE AND DISPOSAL**

**Storage:** Store in a cool, dry area away from heat or open flame. **Disposal:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**CAUTION:** Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

**First Aid**

**If Swallowed:** Immediately call a Poison Control Center or doctor. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

Have the product container with you when calling a Poison Control Center or doctor, or going for treatment.

**Note to Physician:** Contains petroleum distillates - vomiting may cause aspiration pneumonia.

**Physical or Chemical Hazards**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

**NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.**

**Questions or comments?** Call 1-800-332-5553

[Contains NO CFC's or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.]
