[Chemnico Roach Control I kills roaches that enter the station and eat the bait. The active ingredient is also carried back to the nest, where it will kill roaches you do not see.

- Roaches eat bait, then return to where they breed, carrying the active ingredient with them.
- Roaches die.

[Roaches eat the bait and return to [where they breed] [the nest]. The roaches die leaving a killing residual for the remaining roaches to consume.] [They eat the bait and crawl away to die along.] [Guaranteed to work or your money back**.]
