Registration Division (H7505C)
401 M St., S.W.
Washington, D.C. 20460

EPA Reg Number
9688-194

Date of Issuance
OCT 15 2002

Term of Issuance: Unconditional

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Name of Pesticide Product:

Chemsico Wasp & Hornet Killer
TE

Name and Address of Registrant (include ZIP Code):

Chemsico, Division of United Industries Corp.
P.O. Box 142642
St. Louis, MO 63114

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3).

1. Revise the EPA Registration Number to read "EPA Reg. No. 9688-194".
2. Submit an acceptable enforcement analytical method (Guideline 830.6317) for the active ingredient, prallethrin. EPA acknowledges receipt of revised methodology (submitted October 9; MRID # as yet unassigned) to fulfill this requirement. EPA will review the revised method to determine whether it is acceptable and will advise you of our determination once the review is completed.
3. Submit two (2) copies of your final printed label before you release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling.

Signature of Approving Official:

Date:

October 15, 2002

EPA Reg. No. 9688-194

A stamped copy of the label is enclosed for your records. A copy of our review of efficacy data submitted in support of this product is also enclosed. Please note that the deficiencies identified in the review no longer apply, since you have adequately addressed them with additional information and label revisions.

If you have any questions regarding this action, please contact Susan Stanton of my team at (703) 305-5218.

Sincerely,

George T. LaRocca

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Never use Indoors.**

OPTION 1 - PARAGRAPH FORM

SHAKE WELL BEFORE EACH USE. Aim spray away from person. Push button to spray. If it's windy, stand with the wind at your back to avoid spray drift.

WASPS, HORNETS AND YELLOW JACKETS:

Application should be made in late evening when insects are least active. Spray liberally, soaking the nest. Chemsico's powerful spray will also kill insects that return to the nest over the next few days. Wait at least 24 hours before removing the nest.

Use of this product on evergreen and holly is not recommended as damage may result.

Do not use this product in or on electrical equipment due to possibility of shock hazard.

*This product is non-staining to most home siding depending on age and cleanliness. Before using in areas where the spray may contact home siding, test in an inconspicuous area and recheck in a few hours.

OPTION 2 – SIMPLIFIED DIRECTIONS

1. Apply at sunset when insects are least active (graphic-sunset)
2. Stand a safe distance from the nest. Don't stand directly underneath.
3. Shake can well before each use. Aim spray away from person. Push button to spray. (graphic-hand w/can)
4. Spray the nest until soaked. (graphic-nest). Chemsico's powerful spray will also kill insects that return to the nest over the next few days.
5. Wait at least 24 hours before removing the nest.

Use of this product on evergreen and holly is not recommended as damage may result.

*This product is non-staining to most home siding depending on age and cleanliness. Before using in areas where the spray may contact home siding, test in an inconspicuous area and recheck in a few hours.

USE TIPS

- If it's windy, stand with the wind at your back to avoid spray drift.
- Do not use this product in or on electrical equipment due to possibility of shock hazard.

OTHER PESTS (For both formats)

Tent Caterpillars: Apply in the late afternoon or evening when caterpillars have returned to their tents. Soak tents on all sides. **Scorpions:** Stand at a safe distance and use the power of the jet spray to reach and cover the scorpion. **Ants:** Spray trails, nest and point of entry. Spray on ants where possible.

STORAGE AND DISPOSAL

Storage: Store in cool, dry area away from heat or open flame. **Disposal:** Do not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

PRECAUTIONARY STATEMENTS**Hazards to Humans and Domestic Animals**

CAUTION: Avoid contact with skin, eyes, or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after handling.

First Aid

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.

Have the product container with you when calling a Poison Control Center or doctor, or going for treatment.

Environmental Hazards - This pesticide is toxic to fish. Do not apply directly to water.

Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

[**If you are not satisfied with this product for any reason send your written request for a refund to the address below, together with the dated store receipt showing the price you paid. Please allow 6-8 weeks for processing]
