STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

INDOORS [INDOOR USE]

1. Open pouch [and break bait stations apart from each other.]
2. Place one bait station along each ant trail or in out-of-the-way places near walls, in cabinets, and under sinks and refrigerators. Heavily infested areas may require two or more bait stations for effective control. [Do not apply other pesticides to areas near bait placement. This may repel ants from the area and prevent them from entering the bait station.]

[Optional graphic showing bait placement]

3. For continued control replace baits every 3 months, sooner if infestation is heavy.
[Alternate: Replace baits every three months for continued control or sooner if infestation is heavy.]

OUTDOORS [OUTDOOR USE]

1. Open pouch [and break baits apart before using].
2. Place one bait station along each ant trail around the outside of home. Place stations in areas inaccessible to children, pets and other non-target animals. Larger homes or homes with heavy infestations may require two or more bait stations to achieve control. [Do not apply other pesticides to areas near bait placement. This may repel ants from the area and prevent them from entering the bait station.]

[Optional graphic showing bait placement]

3. For continued control replace baits every 3 months, sooner if infestation is heavy. [Alternate: Replace baits every three months for continued control or sooner if infestation is heavy.]
