SUBJECT: Application for Pesticide Notification – Create an Indoor Only Use Product
EPA Reg. No. 9688-221
Application Dated April 30, 2007

Dear Ms. Morton:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please contact me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

A handwritten signature in cursive script that reads "Terri Stowe for".

NOTIFICATION

MAY 21 2007

Attention: Mr. John Hebert
Product Manager 7

Subject: **Notification per PR Notice 98-10**
Chemsico Ant Control 4I
EPA Reg. No. 9688-214

Dear Mr. Hebert:

Please find enclosed Notification per PR Notice 98-10 to change the statement "For indoor and outdoor household use only" to create an indoor only use product. We have made the "and outdoor" portion of the statement optional.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

The following documents are enclosed in support of this submission:

1. Application for Pesticide (EPA Form 8570-1)
2. One copy of the proposed label *with changes highlighted*
3. Five copies of the proposed label
4. One copy of the EPA stamped approved label

Please call me at 1-800-242-1166, Ext. 2737 you have questions or need further information. Thank you very much for your attention to our application.

Sincerely,

Jennifer D. Morton
Regulatory Specialist

Active Ingredient:	
Indoxacarb	0.04%
Other Ingredients	99.96%
Total	100.00%

Do Not Allow Children or Pets to Play with the Bait Stations.

CAUTION See back for additional precautionary statements

CONTAINS **4** — 0.07 oz Bait Stations
 Total Net Wt 0.28 oz (7.9 g)

CARTON

OPTIONAL MARKETING LANGUAGE

[Scout ants seeking food for their colony find the bait station and begin feeding. They take the bait back to the colony where it is eaten by both the queen and other worker ants. The colony stops reproducing and begins to die, preventing ants from the colony from infesting your home.]

- [(graphic) *Ants enter bait station* and eat the bait.
- [(graphic) *Ants take the bait back to the nest.*
- [(graphic) *Ants share the bait, killing other Ants and destroying the colony*]

[This package contains [4] [8] [12] ready-to-use Ant Bait Stations for placement indoors or outdoors along ant trails.]

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

INDOORS [INDOOR USE]

1. Open pouch [and break bait stations apart from each other.]
2. Place one bait station along each ant trail or in out-of-the-way places near walls, in cabinets, and under sinks and refrigerators. Heavily infested areas may require two or more bait stations for effective control. [Do not apply other pesticides to areas near bait placement. This may repel ants from the area and prevent them from entering the bait station.]

[Optional graphic showing bait placement]

3. For continued control replace baits every 3 months, sooner if infestation is heavy.
 [Alternate: Replace baits every three months for continued control or sooner if infestation is heavy.]

2/17

OUTDOORS [OUTDOOR USE]

1. Open pouch [and break baits apart before using].
2. Place one bait station along each ant trail around the outside of home. Place stations in areas inaccessible to children, pets and other non-target animals. Larger homes or homes with heavy infestations may require two or more bait stations to achieve control. [Do not apply other pesticides to areas near bait placement. This may repel ants from the area and prevent them from entering the bait station.]

[Optional graphic showing bait placement]

3. For continued control replace baits every 3 months, sooner if infestation is heavy. [Alternate: Replace baits every three months for continued control or sooner if infestation is heavy.]

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place inaccessible to children and pets.

Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

PRECAUTIONARY STATEMENTS**Hazards to Humans and Domestic Animals**

CAUTION. Wash thoroughly with soap and water after handling bait stations.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
