Subject Alternate Brand Name Notification per Pesticide Registration Notice 98-10

Dear Ms Goldberg,

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10, dated July 17, 2012, for "Chemsico Ant Control 4I," EPA Registration Number 9688-221

The Registration Division (RD) has conducted a review of your request for applicability under PRN 98-10, and finds that the change requested is acceptable. Therefore, the information submitted with your application has been stamped "Notification," and the following alternate brand name has been added to the product record "TAT Ant Bait₂"

Please contact me at (703) 308-8735 or chao.julie@epa.gov if you have any questions

Sincerely,

A handwritten signature in black ink, appearing to read "Julie A. Chao".

Indoxacarb	99.96%
Other Ingredients	100.00%
Total	

Do Not Allow Children or Pets to Play with the Bait Stations

CAUTION See back for additional precautionary statements

CONTAINS [3] [4] [8] [12] — 0.07 oz Bait Stations
Total Net Wt 0.28 oz (7.9 g) [0.21] [0.56 oz] [0.84 oz]

CARTON

OPTIONAL MARKETING LANGUAGE

[Scout ants seeking food for their colony find the bait station and begin feeding. They take the bait back to the colony where it is eaten by both the queen and other worker ants. The colony stops reproducing and begins to die, preventing ants from the colony from infesting your home.]

- [(graphic) **Ants enter bait station** and eat the bait
- [(graphic) **Ants take the bait back to the nest**
- [(graphic) **Ants share the bait, killing other Ants and destroying the colony**]

[This package contains [3] [4] [8] [12] ready-to use Ant Bait Stations placement indoors or outdoors along ant trails.]

STOP READ ENTIRE LABEL BEFORE USE

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

Option A Label Directions for bait stations

INDOORS [INDOOR USE]

- 1 Open pouch [and break bait stations apart from each other]
- 2 Place one bait station along each ant trail or in out of the way places near walls in cabinets and under sinks and refrigerators. Heavily infested areas may require two or more bait stations for effective control. [Do not apply other pesticides to areas near bait placement. This may repel ants from the area and prevent them from entering the bait station.]
[Optional graphic showing bait placement]

- 3 For continued control replace baits every 3 months sooner if infestation is heavy

[Alternate Replace baits every three months for continued control or sooner if infestation is heavy]

OUTDOORS [OUTDOOR USE]

f/e

- 1 Open pouch [and break baits apart before using]
- 2 Place one bait station along each ant trail around the outside of home Place stations in areas inaccessible to children pets and other non target animals Larger homes or homes with heavy infestations may require two or more bait stations to achieve control [Do not apply other pesticides to areas near bait placement This may repel ants from the area and prevent them from entering the bait station]

[Optional graphic showing bait placement]

- 3 For continued control replace baits every 3 months sooner if infestation is heavy [Alternate Replace baits every three months for continued control or sooner if infestation is heavy]

(Option B label directions for the metal can packaging

Note to Reviewer These directions are not CRP Certified)

- 1 Find indented sections on the sides of the can
- 2 Simply apply pressure with key until they open [see illustration]
- 3 **Indoors** Place one bait station along each ant trail or in out of the way places near walls in cabinets and under sinks and refrigerators Heavily infested areas may require two or more bait stations for effective control [Optional graphic showing bait placement]
- 4 For continued indoor control replace baits every 3 months or sooner if infestation is heavy or bait station is empty [Alternate Replace baits every three months for continued indoor control or sooner if infestation is heavy or bait station is empty]
- 5 **Outdoors** Place one bait station along each ant trail around the outside of homes Place stations in areas inaccessible to children pets and other non target animals Larger homes or homes with heavy infestations may require two or more bait stations to achieve control [Optional graphic showing bait placement]
- 6 For continued outdoor control replace baits every 3 months or sooner if infestation is heavy or bait station is empty [Alternate Replace baits every 3 months for continued indoor control or sooner if infestation is heavy or bait station is empty]
