STOP. READ ENTIRE LABEL BEFORE USE

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

MOUND TREATMENT

[Kills the colony]

1. (graphic) Sprinkle 2 tablespoons of bait around each mound.
2. (graphic) Do not water in.
3. Decreased ant activity will be observed in as little as 24 hours after bait placement. Complete mound control will occur 72 hours after application.
4. Treat new mounds as they appear.

h/k

USE TIPS

1. (graphic) For best results, apply in early Spring or Summer at the first sign of Fire Ant activity.
2. Apply in the early morning or late evening when fire ants are actively foraging.
3. Do not apply if rain is expected within 4-6 hours.
4. Do not water or mow treated area for 24 hours after application. This will allow time for the ants to forage the bait and take it to the mound.

STORAGE AND DISPOSAL

Storage: Reclose bag tightly after each use. Store in a cool, dry area which is inaccessible to children and pets. **If Empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
