In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) and (B) provided that you:</p> <ol style="list-style-type: none"> 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4. 2. Submit the following data: One year storage stability (830.6317) and corrosion characteristics (830.6320) studies. These studies can be run concurrently. It is recommended that the observation must be made at 0, 3, 6, 9, and 12 months period and the results must be submitted to the Agency on completion. These studies should be submitted within 15 months from today's date. 		
Signature of Approving Official: Rita Kumar	Date: SEP 22 2006	

3. Make the following label changes:
 - a. Add the phrase "EPA Registration Number 9688-240" to the front panel.
 - b. Place the First Aid statement in a box, as indicated in PR Notice 2001-1.
 - c. In the Storage and Disposal statement, move "Do not contaminate water, food or feed by storage or disposal" from the subheading Storage to directly underneath the heading Storage and Disposal.
 - d. Delete the following from optional marketing claim # 16: "...and prevents new infestations"
 - e. Delete the following from optional marketing claim # 3: "Long lasting insect protection plus....."
 - e. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Rita Kumar

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Keep people and pets away from treated area until ground has dried.

How to apply

1. To treat **established roses or other ornamental shrubs (3 ft high)** mix 3 fl oz of product in 1 gallon of water. To treat **newly planted roses and ornamental shrubs (1 ft high)** mix 1 fl oz in one gallon of water for each foot of shrub height.
2. Slowly pour the solution around the base of the rose or ornamental shrub keeping as close to the base as possible. Allow time while pouring for the liquid to soak into the ground.
3. Rinse the bucket or watering can with an additional gallon of water and pour around the tree trunk or shrub.
4. Do not allow product to run off to surrounding areas as this will reduce product performance.

Pest Controlled

Chemsico Insecticide Concentrate DR kills the following pests on roses and ornamental shrubs:

Aphids, Adelgids, Leafhoppers (suppression only), Leafminers (including Birch leafminers), Black vine weevil larvae, Roundheaded borers (including Eucalyptus longheaded borers), Japanese beetle adults, Lacebugs, Leaf beetles (including Elm leaf beetles and Viburnum leaf beetles), Mealybugs, Pine tip moth larvae, Psyllids, Sawfly larvae, Scale insects, Thrips and Whiteflies.

Use Precautions

- Do not apply near rivers, lakes, streams or ponds.
- Do not apply to waterlogged or frozen soils.
- Do not apply to edible food plants
- Do not apply more than 4 times per year to a treated rose or shrub
- Food utensils such as teaspoons and measuring cups should not be used for food purposes after use with this product.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area away from heat or open flame and inaccessible to children. Do not contaminate water, food or feed by storage or disposal.
Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating drinking, chewing gum or using tobacco.

First Aid

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

Environmental Hazards

This product is toxic to shrimp. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
