EPA Reg. No. 9688-245

3. Make the following label changes:
  - a. Add the phrase "EPA Registration Number 9688-245" to the front panel.
  - b. Delete claims #18 and 19 from Optional Marketing Claims on page 2. Claim of efficacy "for months" is open-ended and must be qualified with a finite number supported by data.
  - c. Add the following to beginning of the warranty statement titled Notice: "To the extent consistent with applicable law, ...."
  - d. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Copies of product chemistry and acute toxicity reviews are also enclosed for your perusal. Revised basic confidential statement of formula dated 9/22/2006 is acceptable, and this information has been added to our files for this product.

Sincerely,

Rita Kumar

## Roach Control 5DG

For Use Inside the Home Only

ACCEPTED  
with COMMENTS  
In EPA Letter Dated

NOV 29 2006

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under EPA Reg. No.

9688-245

Active Ingredient:  
Dinotefuran(N-methyl-N'-nitro-N''-(tetrahydro-3-furanyl)methyl)guanidine).....: 0.05%  
Other Ingredients .....: 99.95%

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION** See back [panel] for additional precautionary statements

Net Wt. 4 oz (106g)

### Outer Carton [Pamphlet] Label

**STOP. READ ENTIRE LABEL BEFORE USE.**

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### Spot Treatment [Optional graphic showing bait placement]

To apply gel remove cap from tip of applicator tube. [Place plunger into rear of tube]. [Insert into gel gun]. Place tip at spot where gel is to be applied and [depress plunger] [pull trigger]. Apply gel in a ¼ inch diameter spot. Apply 1 spot for every 10 sq ft of treated area. The bait will stick to surfaces that are not greasy or dusty. [For best results,] Do not apply bait to areas recently treated with an insecticide or treat areas with an insecticide where gel has been applied, as this will act as a repellent to the roaches and will reduce the effectiveness of the gel bait. Apply behind and under the following: stove, refrigerators, dishwashers, sinks, shelving in the corners of cupboards, cabinets and closets and in other areas where roaches have been observed. Inspect placements after one month and reapply if gel placements are no longer visible. The gel will remain attractive to roaches and keep killing for up to [three] [3] months. Replace cap on gel tip when finished dispensing gel. Use a paper towel to remove unwanted bait placements and them discard in trash.

#### Cracks and Crevices [Optional graphic showing bait placement]

Chemsico Roach Control 5DG [This product] can be applied as spots or as a line along cracks and crevices. Place the applicator tip directly into cracks and crevices and place gel in small spots or in a continuous bead. Bait should be in the void area and not on open or exposed surfaces.

#### Use Precautions

- Do not apply to surfaces which may reach excessive temperatures such as hot waterpipes or stoves
- Do not use in open areas or on surfaces where contact can occur with food or food preparation utensils
- Keep out of sunlight or excessive heat
