

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460-0001

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

JUL 24 2012

Mr. William H. Metzger
CHEMISO
Division of United industries Corp.
P.O. Box 142642
St. Louis, MO 63114-0642

Subject: Amended Reregistration Label
Product Name: Chemsico Wasp & Hornet Killer DS
EPA Registration Number: 9688-255
EPA Decision Numbers: 425025

Dear Mr. Metzger:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Deltamethrin and S-Bioallethrin REDs, and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated November 16, 2006

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped

after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Driss Benmhend at 703-308-9525 or Benmhend.driss@epa.gov.

Sincerely,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

Chemsico

Wasp & Hornet Killer DS

Quick Kill • Kills Fast • Kills Wasps & Hornets on Contact • Kills with Residual Action as Wasps & Hornets Return to Nest • [POWERFUL] JET SPRAY [BLAST] – Will Reach Nests up to 20 Feet Above Ground • Kills the Entire Nest • Kills Wasps, Hornets & Yellow Jackets – Triple Action • Drops Wasps, Hornets & Yellow Jackets Instantly • Gives Knockdown & Kill of Wasps, Hornets & Yellow Jackets Electrically Non-Conducting [up to 47,100 volts] • Dielectric Breakdown Voltage of 47,100 Volts • Can Be Used Both Indoors (attics and other places where nests are built) and Outdoors on Wasp & Hornet Nests • Instant Kill • Instant Knockdown • Prevents Nesting • Triple Action Formula • Acts as a Barrier That Prevents Insects From Entering the Home • For Commercial or Homeowner Use • Kills Nest and Insects with Residual Action • Non Arching Formula • Up to 20 ft. jet spray • *Guaranteed Results or Your Money Back • Results Guaranteed*

ACCEPTED
With COMMENTS
In EPA Letter Dated:
JUL 24 2012

Active Ingredients: Under the Federal Insecticide, Fungicide and Rodenticide Act, As amended, for the
 Deltamethrin..... 0.01%
 S-Bioallethrin..... 0.05%
 Other Ingredients*..... 99.94%
 [TOTAL]..... 100.00%
 *Contains Petroleum Distillates

9688-255

KEEP OUT OF REACH OF CHILDREN

CAUTION See back panel for additional precautionary statements.

NET WEIGHT 14 oz (396 g)

RESIDENTIAL USE LABEL

STOP. READ THE ENTIRE LABEL BEFORE USE.

[Before using in areas where spray may contact home siding or roof shingles, test for staining in an inconspicuous area and recheck in a few hours.]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Application Restrictions

Do not water the treated area to the point of run-off.
 Do not make applications during rain.

All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Treatment to soil or vegetation around structures
- All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications, only. Broadcast applications are prohibited.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.
 Do not allow the product to enter any drain during or after application.

Read entire label. Shake well before use.

General Precautions and Restrictions

Do not allow adults, children, or pets to enter the treated area until sprays have dried.

Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.

Keep children and pets out of treated areas until surfaces are dry

For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. [Remove protective cap.] Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest. Avoid spraying vegetation directly as damage may result. Do not spray flying insects.

To kill wasps, hornets and yellow jackets under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 1-2 seconds or until surfaces are moist. To prevent entrance of insects into the house, spray around points where insects enter such as outside plumbing, faucets, etc., and cracks or crevices in foundation as well as along sills and ledges.

Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held.

Do not apply in classrooms when in use. Do not apply this product in occupied patient rooms or in any rooms/areas while occupied by patients, the elderly or infirm. Do not apply to institutions (including libraries, sports facilities, etc.) in the immediate area when occupants are present.

Non-food/feed areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

[Optional Pest Specific Directions

To Kill Wasps: Treatments should be made at dusk or early morning when insects are least active. Shake can and hold upright, pointing valve toward nest with wind at back.

To Kill Hornets: Hornets make their nests in trees and shrubs and under eaves. Do not treat hornet's nests unless you can clearly see the entrance hole at the base. Wait until dusk or early morning when hornets are at rest. Direct spray into entrance hole and continue to spray into nest as hornets fall out or until can is empty or no more hornets are seen. Then vacate areas immediately.

To Kill Yellow Jackets: Yellow jackets make their nests in tree stumps, walls, railroad ties or similar structures. Monitor Yellow Jacket activity during daylight to determine nest location. Treat at dusk or early morning when insects are at rest in nest. Empty entire contents of can into nest hole from close range to ensure product enters entrance hole. Vacate the area.]

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.
Pesticide Storage: Do not store near heat or open flame. Store in a cool, dry area away from children. Do not contaminate water, food or feed by storage or disposal.
Pesticide Disposal and Container Handling: Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency [or 1-800-CLEANUP] for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

If swallowed:	<ul style="list-style-type: none"> • Immediately call a Poison Control Center or doctor for treatment advice. • Do not give any liquid to the person. • Do not induce vomiting unless told to do so by a Poison Control Center or doctor. • Do not give anything by mouth to an unconscious person.
----------------------	---

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-332-5553 for emergency medical treatment information.

NOTE TO PHYSICIAN

Contains petroleum distillate -- vomiting may cause aspiration pneumonia.

Environmental Hazards

This product is toxic to fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash waters.

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

[Contains No CFC's or Other Ozone Depleting Substances. Federal Regulations Prohibit CFC Propellants in Aerosols.]

Notice: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Application Restrictions

Do not water the treated area to the point of run-off.
Do not make applications during rain.

All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

2. Treatment to soil or vegetation around structures

All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are

limited to spot and crack-and-crevice applications, only. Broadcast applications are prohibited.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Read entire label. Shake well before use.

General Precautions and Restrictions

Do not allow adults, children, or pets to enter the treated area until sprays have dried.

Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift.

Personal Protective Equipment

Applicators and other handlers must wear:

- Long-sleeved shirt and long pants
- Shoes and socks

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

User Safety Recommendations

- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

~~Keep children and pets out of treated areas until surfaces are dry~~
