Ms. Jessica Goldberg  
Regulatory Affairs Specialist  
Chemsico  
Division of United Industries Corporation  
PO Box 142642

Dear Ms. Goldberg:

Subject: Label amendment; additional claims  
Chemsico Ant and Roach Control 5DG  
EPA File Symbol 9688-271  
Submission dated December 21, 2010

The amendment referred to above is acceptable in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)(7)(B), subject to the following comments:

1. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data.
2. On page 2, under Cracks and Crevices, change the product name to read as "Chemsico Ant and Roach 5DG".

A stamped copy of the label is enclosed for your records. Please submit one (1) copy of the final printed label (with all the graphics and illustrations) before you release the product for shipment bearing the amended labeling. A copy of the efficacy review is also enclosed for your perusal.

If you have any questions, contact Rita Kumar at (703) 308-8291 or kumar.rita@epa.gov.

Yours Sincerely,

  
Rosanna Louie-Juzwiak

**ROACH CONTROL****Spot Treatment [Optional graphic showing bait placement]**

To apply gel remove cap from tip of applicator tube. [Place plunger into rear of tube]. [Insert into gel gun]. Place tip at spot where gel is to be applied and [depress plunger] [pull trigger]. Apply gel in a ¼ inch diameter spot. Apply 1 spot for every 10 sq ft of treated area. The bait will stick to surfaces that are not greasy or dusty. [For best results,] Do not apply bait to areas recently treated with an insecticide or treat areas with an insecticide where gel has been applied, as this will act as a repellent to the roaches and will reduce the effectiveness of the gel bait. Apply behind and under the following: stove, refrigerators, dishwashers, sinks, shelving in the corners of cupboards, cabinets and closets and in other areas where roaches have been observed. Inspect placements after one month and reapply if gel placements are no longer visible. The gel will remain attractive to roaches and keep killing for up to [three] [3] months. Replace cap on gel tip when finished dispensing gel. Use a paper towel to remove unwanted bait placements and them discard in trash.

**Cracks and Crevices [Optional graphic showing bait placement]**

Chemsico Roach Control 5DG [This product] can be applied as spots or as a line along cracks and crevices. Place the applicator tip directly into cracks and crevices and place gel in small spots or in a continuous bead. Bait should be in the void area and not on open or exposed surfaces.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Store in a cool, dry area away from heat or open flame. **Disposal: If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**
