Christina Griffin
Senior Regulatory Specialist
Chemsico, Division of United Industries
P.O. Box 142642
St. Louis, MO 63114-0642

Subject: Notification per PRN 98-10 – Addition of Optional Guarantee, Addition of Graphics, Correction of Spelling, Grammatical and Punctuation Errors
Product Name: CHEMSICO Ant & Roach Control 5DG
EPA Registration Number: 9688-271
Application Date: August 28, 2026
Case Number: 722313

Dear Christina Griffin:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “NOTIFICATION” and placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, please contact Carmen Rodia via e-mail at Rodia.Carmen@epa.gov.

Sincerely,

A handwritten signature in black ink, reading "Carmen J. Rodia, Jr." in a cursive style.

Carmen J. Rodia, Jr., Senior Risk Manager
Invertebrate & Vertebrate Branch 2
Registration Division (7505T)

Enclosure: Stamped "NOTIFICATION" Label, September 30, 2026

Total.....	100%

NOTIFICATION

9688-271

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

09/30/2026

KEEP OUT OF REACH OF CHILDREN
CAUTION. See back [panel] for additional precautionary statements

Net Wt. 4 oz (106g)

Outer Carton [Pamphlet] Label

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Precautions

- Keep out of excessive sunlight
- Do not apply to surfaces which may reach excessive temperatures such as hot-water pipes or stoves
- Do not use on surfaces where contact can occur with food or food-preparation utensils

Ant Control

Where to use

Indoors: Apply gel in area where ants are seen. Areas include behind the refrigerator, stove, around waterpipes, in crack and crevices, around window frames, along baseboards and shelves [Optional graphic showing placement]

Outdoors: Where ants are seen entering the building, directly on ant nests and in cracks and crevices on windows and doorsills. [Optional graphic showing bait placement]

How to Use: Remove cap from the tip of the tube. [Place plunger into rear of tube.] [Insert tube into gel gun.] Place tip at spot where gel is to be applied and [depress plunger][pull trigger]. Apply gel in pea-sized droplets. Inspect gel regularly and replace as needed. Replace cap on gel tip when finished dispensing gel. Use a paper towel to remove unwanted bait placements and then discard in trash. [Optional graphic showing instructions]

Note: This product will not control Carpenter, Pharaoh, Harvester or Red Imported Fire Ants

- [• (Graphic) Ants eat the bait
- (Graphic) Ants take the bait back to the colony
- (Graphic) Ants die in 24 hours]

Roach Control

Spot Treatment [Optional graphic showing bait placement]

To apply gel, remove cap from tip of applicator tube. [Place plunger into rear of tube.] [Insert into gel gun.] Place tip at spot where gel is to be applied and [depress plunger] [pull trigger]. Apply gel in a ¼ inch diameter spot. Apply 1 spot for every 10 sq ft of treated area. The bait will stick to surfaces that are not greasy or dusty. [For best results,] Do not apply bait to areas recently treated with an insecticide or treat areas with an insecticide where gel has been applied. This will act as a repellent to the roaches and will reduce the effectiveness of the gel bait. Apply behind and under the following: stove, refrigerators, dishwashers, sinks, shelving in the corners of cupboards, cabinets and closets and in other areas where roaches have been observed. Inspect placements after one month and reapply if gel placements are no longer visible. The Gel will remain attractive to roaches and keep killing for up to [three] [3] months. Replace cap on gel tip when finished dispensing gel. Use a paper towel to remove unwanted bait placements and then discard in trash.

Crack and Crevices [Optional graphic showing bait placement]

Chemsico Roach Control 5DG [This product] can be applied as spots or as a line along cracks and crevices. Place applicator tip directly into cracks and crevices and place gel in small spots or in a continuous bead. Bait Should be in the void area and not on open or exposed surfaces.

Storage & Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry area away from heat or open flame.

Disposal: **If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
