Registration Division (H7505C)
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20460

NOTICE OF PESTICIDE:

X Registration

Reregistration

EPA Reg. Number: 9688-282

NOVe of Issuance 10

Term of Issuance: Conditional

Name of Pesticide Product:

Chemsico Aerosol Insecticide

FAF

(Under FIFRA as amended)

Name and Address of Registrant (include ZIP Code):

Chemsico

Division of United Industries Corp.

P.O. Box 142642

St. Louis, MO 63114-0642

Note: Changes in labeling difficing in substance from that assepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commune. In any correspondence on this product always refer to the above BPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided:

- 1. You will submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
- 2. You make the following label changes before releasing the product for shipment:
 - a) Revise the EPA Registration Number to read "EPA Reg. No.9688-282".
 - b) Marketing Claims. Remove the following claims: "Kills fast", "Fast Killing" and "Quick Action Formula"
 - c) Change the spray directions from "2or 3 second burst of foam" to "3 second burst of foam"

Signature of Approving Official:

NOV -1 2010

Richard Gebken, Product Manager, RD/IB (7505P)

- 3. The basic Confidential Statement of Formula (CSF) dated January 4, 2010 is acceptable and is the basic CSF of record. The Alternate CSF dated November 19, 2009 is also acceptable.
- 4. The product chemistry data requirements for this product are fulfilled except as follows: submit the listed data below, conducted in accordance with the 40 CFR Part 158 test guidelines referred to below:

Title of Study	OPPTS Guideline	Due Date
One-year Storage Stability Study	830.6317	October 28, 2011
Corrosion Characteristics Study	830.6320	October 28, 2011

You are required to generate a one year storage stability study for the subject product under warehouse conditions. It is recommended that observations be made at 0, 3, 6, 9, and 12 months. The corrosion characteristics study may be conducted concurrently. An accelerated study will not substitute for a one year study under warehouse conditions.

5. The cited acute toxicity studies were reviewed and classified as acceptable. The acute toxicity profile for this product is:

Acute oral toxicity	IV	Acceptable
Acute dermal toxicity	IV	Acceptable
Acute inhalation toxicity	IV	Acceptable
Primary eye irritation	IV	Acceptable
Primary skin irritation	III	Acceptable
Dermal sensitization	Negative	Acceptable

Please submit three (2) copies of your final printed labeling before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. The data evaluation reviews and a stamped copy of the label are enclosed for your records.

If you have any questions regarding this registration action, please contact Kevin Sweeney at (703) 305-5063. Thank you for your cooperation in this matter.

Sincerely

Richard Gebken Product Manager

Kills Fire Ant Queen and Colony in 24 Hours

Where to Use:

Outdoors, on Fire Ant Mounds

When to Use:

For Best Results, apply in Morning or Evening Hours

Questions & Comments: [phone icon][computer icon]

Call 1-800-332-5553 or Visit our Website at www.chemsico.com

STOP. Read entire label before use.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not allow people or pets to contact treated surfaces until dry.

- Do not water the treated area to the point of run-off.
- Do not make applications during rain.

HOW TO USE

- 1. SHAKE WELL BEFORE USING.
- 2. Place extension tube in nozzle [and twist to lock into place]. [optional graphic]
- 3. Insert extension tube 3-4 inches into the side of the [fire ant] mound to be treated. Press nozzle and spray at 2-3 second burst of foam into the mound as you withdraw the extension tube. Repeat on opposite side of mound. [optional graphic]
- 4. Once two foam injections have been completed cover top of mound with foam. [optional graphic]

For best results apply in Morning or Evening hours. At these times, fire ants are closer to the surface virtually assuring that the product will contact them. [optional graphic]

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area away from heat or open flame. **Disposal:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

First Aid

If Swallowed: Immediately call a Poison Control Center or doctor. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

Have the product container with you when calling a Poison Control Center or doctor, or going for treatment.

Note to Physician: Contains petroleum distillates – vomiting may cause aspiration pneumonia.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

NOTICE: To the extent consistent with applicable law buyer assumes all responsibility for safety and use not in accordance with directions.

Questions or comments? Call 1-800-332-5553
