Sr. Director Regulatory
Chemsico, A Div. Of United Industries Corp.
P.O. Box 142642
St. Louis, MO 63114

Subject: Label Amendment - Registration Review Mitigation for Deltamethrin
Product Name: Black Flag Home Insect Control
EPA Registration Number: 9688-301
Case Number: 474754
Application Dates: September 15, 2022

Dear Michael Sarli:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Deltamethrin Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for

shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Jennifer Park by phone at 202-566-2448, or via email at park.jennifer@epa.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read "Kevin Costello", is written over a faint, rectangular background stamp.

Kevin Costello, Branch Chief
Risk Management and Implementation Branch 2
Pesticide Re-Evaluation Division
Office of Pesticide Programs

Active Ingredient:	
Deltamethrin.....	0.020%
Other Ingredients.....	99.980%
	100.00%

KEEP OUT OF REACH OF CHILDREN
CAUTION See back panel for additional precautionary statements

Net Contents: 16 fl oz, 24 fl oz, 32 fl oz, 1 gal (128 fl oz), 1.3 gal (166 fl oz), 1.33 gal (170 fl oz), 1.5 gal (192 fl oz)

PRECAUTIONARY STATEMENTS
Have the product container or label with you when calling a poison control center or doctor or going for treatment. In case of medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1 -800-332-5553.

ENVIRONMENTAL HAZARDS
This product is extremely toxic to fish and aquatic invertebrates. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

{Note to Reviewer: The following Environmental Hazards Statement will be used with the 1 Gal, 1.3 Gal, 1.33 Gal and 1.5 Gal Containers}
To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

{Note to Reviewer: The following Environmental Hazards Statement will be used with the 16 Fl oz, 24 Fl oz and 32 Fl oz Containers}
To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

Physical or Chemical Hazards
Do not apply this product in or on electrical equipment due to possibility of shock hazard.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
{Note to Reviewer: The following will be used when the label includes indoor residential uses only}
For Indoor Residential [Home] Use Only.
{Note to Reviewer: The following will be used when the label includes indoor and outdoor residential uses only}
For Indoor and Outdoor Residential [Home] Use Only.

{When outdoor uses are included, the following restrictions will also be included}:
All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:
1. Application to pervious surfaces such as soil, lawn, turf, and other vegetation;
2. Perimeter band treatments of 7 feet wide or less from the base of a man-made structure to pervious surfaces (e.g., soil, mulch, or lawn);

3. Applications to underside of eaves, soffits, doors, or windows permanently protected from rainfall by a covering, overhang, awning, or other structure;
4. Applications around potential exterior pest entry points into man-made structures such as doorways and windows, when limited to a band not to exceed one inch;
5. Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 feet above ground level;
6. Applications to vertical surfaces directly above pervious surfaces, such as soil, lawn, turf, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters, or surface waters.

Spot treatments must not exceed two square feet in size (for example, 2 ft. by 1 ft. or 4 ft. by 0.5 ft.).

For soil or foliar applications, do not apply by ground within 25 feet of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries and commercial fish farm ponds.

Do not apply the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.

Do not allow the product to enter any drain during or after application. Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment.

Do not apply or irrigate to the point of runoff.

Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours).

Rainfall within 24 hours after application may cause unintended runoff of pesticide application.

Treat surfaces to ensure thorough coverage but avoid runoff.

To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

Do not allow to enter indoor or outdoor drains. Follow proper disposal procedures on this label.

No permita la entrada a desagües internos o externos. Siga las indicaciones del etiquetado para el desecho apropiado del producto.

Shake Well Before Using.

[Option A] {Use instructions- 1.5 Gal size}

1. CUT (Illustration) – Carefully cut the two white zip ties securing the hose and pump handle with scissors. Use caution not to cut the white hose.
 2. CONNECT (Illustration)- Unwind hose. Firmly push the connector at the end of the hose onto the spout on the pump, until it locks into place.
 3. EXTEND WAND (Illustration) - Lift sprayer wand off bottle. Push yellow [red][black] [white] [orange] [silver] button while pulling out the wand nozzle tip. Fully extend wand until yellow [red] [black] [white] [orange] [silver] button snaps into SPRAY position. NOTE: White trigger will not function until wand is fully extended and yellow [red] [black] [white] [orange] [silver] button is visible in the SPRAY position.
 4. PUMP (Illustration)- Pump container 10-20 times to pressurize bottle. A full bottle requires fewer pumps than an empty bottle. Pumping to the higher range will provide longer spray duration. After pumping, push pump down and turn handle clockwise to lock into carrying position. NOTE: This bottle is designed to expand under pressure and cannot be over-pressurized.
 5. SPRAY (Illustration)- Aim wand. Spray by pushing down white trigger with thumb. Adjust spray pattern by rotating white nozzle tip to one half rotation. Spray cracks and crevices and other areas where insects live and hide until slightly moist, but not to the point of runoff.
 6. STORE (Illustration)- When finished spraying, press the yellow [red][black][white][orange][silver] button and push wand back to the original storage position until the yellow [red][black][white][orange][silver] button snaps into place. Place wand back onto the bottle with nozzle facing down.
 7. DEPRESSURIZE (Illustration)- Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten prior to storing.
- Note: If sprayer does not function properly, remove nozzle cover and check nozzle and holes in rubber component for obstructions. Replace nozzle cover and use as instructed above.

[Option B] {Use Instructions – 1.33 Gal size}

1. (Illustration)- Carefully cut the zip ties securing the pump handle with scissors. Use caution not to cut the hose.
2. (Illustration)- Unwind hose.
3. (Illustration)- Lift sprayer wand off bottle.
4. (Illustration)- Pump container 10-20 times to pressurize bottle. A full bottle requires fewer pumps than an empty bottle. Pumping to the higher range will provide longer spray duration. After pumping, push pump down and turn handle counter-clockwise to lock into carrying position. NOTE: This bottle is designed to expand under pressure and cannot be over-pressurized.
5. (Illustration)- Aim wand. Spray by pushing trigger with thumb. Adjust spray pattern by rotating nozzle tip. Spray cracks and crevices and other areas where insects live and hide until slightly moist, but not to the point of runoff.
6. (Illustration)- When finished spraying, place wand back onto the bottle.

7. (Illustration)- Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten prior to storing.

Note: If sprayer does not function properly, remove nozzle cover and check nozzle and holes in rubber component for obstructions. Replace nozzle cover and use as instructed above.

[Option C] {Use Instructions- For use with new 1.33 Gal size Pump 'N Spray™}

Pump 'N Spray™ Instructions:
Shake Well Before Using

Turn pump handle counterclockwise to untighten, remove pump, or to secure for carrying. Turn pump handle clockwise to tighten or pump.

1. Before Use: [Remove pump lock strip from pump handle]. Remove wand from holster [clip]. Pull the hose from the storage [area] compartment. Tighten pump handle to ensure air tight seal. Secure for carrying.
2. To Use: Pump [the sprayer] up to 25 times or until the pressure indicator pops up about ¼ inch. Do not pump more than 25 times. Secure for carrying.
3. To Spray: [Begin spraying by pushing] Push down the [grey][black] lever on the [spray] [wand] handle. Rotate the [white][gray] nozzle at the tip of the wand to adjust spray [from a stream to gentle mist]. For continuous spraying, push the [grey][black][spray] lever down and slide forward to lock. Pull back to release. (Illustration).
4. To Store: [Slowly turn the pump handle counterclockwise to] Untighten and release pressure. Retighten for next use. Push the hose back into the storage [area] compartment and put the wand back in holster [clip].
5. To Refill: Untighten and remove pump. (Illustration) [When empty,] [Refill with] Use Black Flag® Home Insect Control® Concentrate [product name]. [Turn the pump handle counterclockwise to untighten and remove the pump.] (Illustration). Follow [the Black Flag® Home Insect Control® Concentrate] [product name] label directions to refill. Put the pump back into the sprayer. Retighten for next use.

[Option D] {Use Instructions - 1.33 Gal size Pump 'N Spray™}

Pump 'N Spray™ Instructions:
Shake Well Before Using

Turn pump handle counterclockwise to untighten, remove pump, or to secure for carrying. Turn pump handle clockwise to tighten or pump.

1. Before Use: [Remove pump lock strip from pump handle]. Remove wand from holster [clip]. Pull the hose from the storage [area] compartment. Tighten pump handle to ensure air tight seal. Secure for carrying.
2. To Use: Pump [the sprayer] up to 25 times. Do not pump more than 25 times. Secure for carrying.
3. To Spray: [Begin spraying by pushing] Push down the [grey][black] lever on the [spray] [wand] handle. Rotate the [white][gray] nozzle at the tip of the wand to adjust spray [from a stream to gentle mist]. For continuous spraying, push the [grey][black][spray] lever down and slide forward to lock. Pull back to release. (Illustration).

4. To Store: [Slowly turn the pump handle counterclockwise to] Untighten and release pressure. Retighten for next use. Push the hose back into the storage [area] compartment and put the wand back in holster [clip].
5. To Refill: [When empty,] [Refill with] [Use] Black Flag® Home Insect Control® Concentrate [product name]. [Turn the pump handle counterclockwise to untighten and remove the pump.] (Illustration). Follow [the Black Flag® Home Insect Control® Concentrate] [product name] label directions to refill. Put the pump back into the sprayer. Retighten for next use.

[Option E] {Use instructions- 1.0 Gal size or 1.3 Gal size- sprayer in a bag}
How to Prime and Care For Your Sprayer

1. Remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one-half turn counterclockwise. (Illustration) Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispensed. (Illustration) Adjust nozzle to fine spray or jet stream as needed.
3. After each use, thoroughly flush sprayer and hose with water. (Illustration) Return hose and cap assembly to container, tighten securely. Turn nozzle to "OFF" position and store above level of liquid in container to prevent leakage.

Note: If sprayer does not function properly, remove nozzle cover and check nozzle and holes in rubber component for obstructions. Check to make sure nozzle is not in "OFF" position. Replace nozzle cover, return sprayer assembly to container and use as instructed above.

{Note to Reviewer: A concentrate refill will not be offered for the 16 Fl oz, 24 Fl oz or 32 Fl oz RTU sizes.} {Use Instructions - 16 Fl oz, 24 Fl oz, 32 Fl oz - RTU}
Adjust sprayer to desired pattern and spray insects directly or treat areas where insects live and hide.

[OPTION F] {DIRECTIONS FOR CAPTIVE SPRAYER PRODUCT}
HOW TO USE

BEFORE USE:

1. Shake well before each use.
2. Peel sticker from flip-top cap and open cap. Discard sticker.
3. Remove sprayer from its slot beneath the bottle handle and remove and discard plastic wrap. Pull black hose tip to completely extend tubing.
4. Firmly press black hose tip into opening in cap until it snaps into place.
5. Hold sprayer below the level of the container and prime by pumping trigger several times until product is dispensed.
6. Adjust nozzle to desired setting.

AFTER USE:

7. To store, turn sprayer nozzle off.
8. DO NOT disconnect hose.
9. Return sprayer to its slot. Hose can be pushed back into sprayer handle.

[Option G] {OPERATING INSTRUCTIONS FOR EZ SPRAY™[AccuShot Sprayer]} (Option G1)

1. Remove sprayer from side holder. [Unwrap the tubing] [Gently pull tubing out]. [Graphic depiction]
2. Remove seal from top of cap. Unplug cap. [Graphic depiction]
3. Securely snap the [green] plug into hole on cap. [Graphic depiction]
4. Remove plastic tab near [top] [bottom] of sprayer to activate batteries. [Graphic depiction]
5. Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM. [Graphic depiction]
6. [When priming the sprayer, hold sprayer level to the ground. Sprayer may not prime if it is held at an angle. Once primed, it will spray in any direction.]

[OPERATING INSTRUCTIONS FOR EZ SPRAY™AccuShot Sprayer] (Option G2)

1. Remove cap and replace with reusable [EZ Spray] [AccuShot] Sprayer. Make sure sprayer cap is tightly closed before use
2. Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM. [Graphic depiction]
3. [When priming the sprayer, hold sprayer level to the ground. Sprayer may not prime if it is held at an angle. Once primed, it will spray in any direction.]

HOW TO USE THE EZ SPRAY™[AccuShot Sprayer]

- Aim toward target [site] [area to be treated], and away from people and pets.
- [To improve accuracy, use slider to extend wand.][Use slider to extend wand and to improve accuracy.]
- Press the trigger to spray.
- Release the trigger to stop spray.

After use: 1. Twist nozzle completely to CLOSE position. 2. Secure sprayer [upright] [tip down] in [holster] [holder]. 3. **Failure to adjust nozzle completely to CLOSE position and properly secure sprayer in [holster] [holder] may result in leakage and damage to property or injury to people or animals.**

[Keep reusable EZ Spray [AccuShot sprayer] for use with Black Flag Home Insect Control]

To replace batteries: 1. [Slide battery compartment door to unlatch and open.] [Push release button near nozzle and lift up on battery hatch.] [Use screwdriver to open battery compartment] 2. Remove used batteries and insert [four] [two] new AA batteries **in correct positions** as marked per diagram inside of battery compartment. Never insert the positive end where the negative end belongs and vice versa. **Always** use a complete set of new batteries of the same type when replacing batteries. **Never** mix alkaline, carbon-zinc or rechargeable batteries. 3. Securely close battery compartment door. 4. **Always** follow manufacturer's recommendations for use and disposal of batteries. **Additional Operating Notes:** Do not submerge in water. Before each use inspect sprayer carefully, make sure hose is flexible and not kinked, worn or cracked, and that all connections are tight. When storing sprayer for prolonged periods remove batteries.]

[OPTION H: Directions for EzSpray™Sprayer and AccuShot™ Sprayer with Snap Adapt Cap]**[Optional Subheading: How to Use [AccuShot Sprayer™] [Alternate: EzSpray™]]**

1. [Unwrap sprayer.] Remove sprayer from side holder [Alternate: holster]. [Unwrap the tubing] [Gently pull tubing out]. [Graphic depiction]
2. Open flip top closure [Graphic depiction]
3. Securely snap the hose plug into opening in cap until it snaps into place. [Graphic depiction]
4. Slide switch on hose plug counter-clockwise to "OPEN" [Graphic depiction]
5. Remove plastic tab near [top] [bottom] of sprayer to activate batteries. [Graphic depiction]
6. Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM. [Graphic depiction]
7. [When priming the sprayer, hold sprayer level to the ground. Squeeze and hold trigger until liquid comes out the nozzle. Sprayer may not prime if it is held at an angle. Once primed, it will spray in any direction.]

[Option H2] Alternate AccuShot Sprayer Directions with Snap Adapt Cap

1. Remove cap and replace with reusable AccuShot cap and Sprayer. Make sure sprayer cap is tightly closed before use
2. Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM. [Graphic depiction]
3. Slide switch on hose plug counter-clockwise to "OPEN" [Graphic depiction]
4. [When priming the sprayer, hold sprayer level to the ground. Sprayer may not prime if it is held at an angle. Once primed, it will spray in any direction.]

[Optional Subheading: How To Use the AccuShot™ Sprayer [Alternate: EzSpray™]] (For use with Snap Adapt Cap version of Directions)

- Aim toward target [site] [area to be treated], and away from people and pets.
- [To improve accuracy, use slider to extend wand.][Use slider to extend wand and to improve accuracy.]
- Press the trigger to spray.
- Release the trigger to stop spray.

After use: 1. Twist sprayer nozzle completely to CLOSE position. 2. Turn hose plug switch clockwise to "CLOSED". 3. Secure sprayer upright [tip down] in [holster] [holder]. 4. **Failure to adjust nozzle completely to CLOSE position and properly secure sprayer in [holster] [holder] may result in leakage and damage to property or injury to people or animals.**

[Keep reusable AccuShot sprayer for use with Chemsico Lawn Weed Killer Plus Crabgrass RTU]

(Optional Directions for Replacing Batteries)

[To replace batteries: 1. [Slide battery compartment door to unlatch and open.] [Use screwdriver to open battery compartment [Push release button near nozzle and lift up on battery hatch.] 2. Remove used batteries and insert [four] [two] new AA batteries **in correct positions** as marked per diagram inside of battery compartment. Never insert the positive end where the negative end belongs and vice versa. **Always** use a complete set of new batteries of the same type when replacing batteries. **Never** mix alkaline, carbon-zinc or rechargeable batteries. 3. Securely close battery compartment door. 4. **Always** follow manufacturer's recommendations for use and disposal of batteries.]

Additional Operating Notes: Do not submerge in water. Before each use, inspect sprayer carefully, making sure hose is flexible and not kinked, worn or cracked, and that all connections are tight. When storing sprayer for prolonged periods, remove batteries.

HOW TO USE:

Hold container upright. Do not spray up into air. Use only for spot treatment. Adjust sprayer to mist or spray. [Adjust sprayer to begin.] [Adjust sprayer to desired pattern.] [Adjust sprayer to On [position].] *{Note to Reviewer: Sprayer adjustment instruction will be dependent on sprayer unit used in finished product.}* Hold sprayer 12 inches from the insect or surface to be sprayed. Spray until the surface is slightly moist but not to the point of runoff. Repeat treatment as necessary but do not apply more than once per week. Children and pets may re-enter treated areas after the spray has dried. Cover all food handling surfaces and cover or remove all food and cooking utensils or wash thoroughly after treatment. Exposed food should be covered or removed.

INDOORS:

To Kill Cockroaches [Roaches], Ants (including Carpenter Ants), Box Elder Bugs, Carpet Beetles, Centipedes, Crickets, Firebrats, Gnats, Ground Beetles, Houseflies, kudzu bugs, Mosquitos, Palmetto Bugs, Scorpions, Silverfish, Small Flying Moths, Sowbugs, Spiders, stink bugs, and Waterbugs: Spray directly on insects or indoor areas where these insects may live and hide including in kitchens and bathrooms; behind baseboards; along cracks and crevices; behind and under refrigerators, sinks, stoves, storage areas, and cabinets; around doors and windows; around plumbing; in attics, basements, and crawl spaces; garbage cans; edges of floor coverings and under rugs. Flying insects resting on treated surfaces will be killed. To Kill Fleas & Ticks: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters until moist. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to the treated area. Also treat rugs and carpets that may be infested.

Horse Stables: To Kill stable flies, horn flies, houseflies, face flies, horse flies, deer flies, mosquitoes and gnats: Apply thoroughly to surfaces until wet. Insects coming to rest on treated surfaces will be killed or repelled. Do not treat more than once per week. Do not spray animals or humans, or apply to animal feed or watering equipment. Controls stable flies for up to 4 months.

To Kill Pantry Pests including Rusty, Merchant and Saw-Toothed Grain Beetles, Red and Confused Flour Beetles, Chocolate Moths, Cigarette Beetles, Clover Mites, Cluster Flies, Drugstore Beetles, Elm Leaf Beetles, Rice Weevils, Lesser Grain Borers, Spider Beetles, and Tobacco Moths: Treat exposed stages. Remove all foodstuffs, utensils and shelf paper from area to be treated. Apply spray to shelves and in cracks and crevices behind and under pantry. Allow to dry prior to replacement of shelf paper, food, and utensils. Wash any exposed food handling surfaces and utensils before use.

Webbing Clothes Moth: Apply as a crack and crevice treatment in closets and other storage areas where these pests are found. This treatment will not control moth larvae already on clothes. Do not apply to clothing.

To Kill Bedbugs: Apply to cracks and crevices where evidence of bedbugs occurs. This includes bed frames, box springs, inside empty dressers and clothes closets and carpet edges, high and low wall moldings and wallpaper edges. Do not use this product on mattresses, pillows, bed linens, or clothes. Remove all clothes and other articles from dressers or clothes closets before application. Allow all treated areas to dry thoroughly before use. Not recommended for use as sole protection against bedbugs. If evidence of bedbugs is found in/on mattresses use products approved for this use.

OUTDOORS:

Spray with wind if breeze is blowing. Do not apply when the wind speed is greater than 15 mph. Do not contaminate fish ponds or apply directly to water. Remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops.

To Kill Ants, Crickets, Sowbugs (Pillbugs), Cockroaches [Roaches] including Asian Cockroaches, Centipedes, Dog Ticks, Fleas, Gnats, Houseflies, kudzu bugs, Lone Star Ticks, Mole Crickets, Mosquitos, Silverfish, stink bugs, and Waterbugs: Spray directly on insects or outdoor areas where insects live and hide including the perimeter of foundations around homes and residential storage buildings; doors and windows; window screens and frames; light fixtures; eaves; porches; patios, decks; garages; and infested bushes, grass, and weeds. Spray ant trails and hills. Spray ant nests until wet.

To Kill Carpenter Ants or Carpenter Bees: Apply to voids or channels of damaged wood. Treat cracks and crevices of wooden sections between the wood and foundation of the home or outdoor storage structures.

To Kill Wasps, Hornets, Yellow Jackets and Bees: Spray directly at nest openings. Applications should be made late in the evening when insects are at rest.

Houseplants: To Kill Aphids, Japanese Beetles, Lace Bugs, Leafminers, Mealybugs, Mites, and Spider Mites. Remove plants from living and eating areas prior to spraying. Plants can be returned after the leaves are dry. If plants cannot be moved, cover or remove exposed food and food handling surfaces.

Spray both leaf surfaces. Avoid wetting blossoms if possible. Do not apply more than once per week.

Ornamental Garden Insects: To Kill Japanese Beetles, Whiteflies, Aphids, Armyworms, Lace Bugs, Mealybugs, Exposed Thrips, Pavement Ants, Spiders, Spider and Red Mites, Clover Mites and Leafminers.

Spray directly to insects on African Violets, Asters, Azaleas, Begonias, Camellias, Carnations, Chrysanthemums[Mums], Dahlias, Delphiniums, Dogwoods, English Ivy, Euonymus, Fushia, Geraniums, Crassula, Grape Vine, Kentia Palm, Laurel, Marigolds, Rhododendrons, Roses, Rubber Plants, Snapdragons, Stocks, Wandering Jew, Zinnias, and other ornamentals.

Apply spray at least 18 inches from plants. Cover both leaf surfaces thoroughly, but not to the point to runoff. Tender foliage, young plants, and new growth may be damaged if temperatures exceed 90° F. Do not apply to vegetable plants or other plants used for food. Not for use on plants grown for sale or other commercial use.

STORAGE AND DISPOSAL

{Note to Reviewer: The following Storage Statement will be used with the 1 Gal, 1.3 Gal, 1.33 Gal, and 1.5 Gal Containers}

STORAGE: Store in a cool, dry area away from [inaccessible to] children. [Do not transport or store below 32°F (0°C).] [Protect from freezing.] [Store above 32° F.] If freezing occurs, allow product to thaw and shake well before using [use]. [Some product separation may occur on freezing which is reversible on shaking]. Freezing does not adversely affect [this product] [performance]. [This container can be refilled and reused only with Black Flag Home Insect Control Concentrate [or product name] in accordance with directions for use. However, when ready to dispose of container follow disposal directions below.]

{Note to Reviewer: The following Storage Statement will be used with the 16 Fl oz, 24 Fl oz and 32 Fl oz Containers}

STORAGE: Store in a cool, dry area away from [inaccessible to] children. [Do not transport or store below 32°F (0°C).] [Protect from freezing.] [Store above 32°F.] If freezing occurs, allow product to thaw and shake well before using [use]. [Some product separation may occur on freezing which is reversible on shaking]. Freezing does not adversely affect [this product] [performance].

DISPOSAL:

{Note to Reviewer: The following Disposal Statement will be used with the 1 Gal, 1.33 Gal, and 1.5 Gal Containers}

Nonrefillable container. Do not reuse or refill this container unless the directions for use allow a different (concentrated) product to be diluted in the container. If empty: Place in trash or offer for recycling, if available. Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for disposal instructions.

{Note to Reviewer: The following Disposal Statement will be used with the 16 Fl oz, 24 Fl oz and 32 Fl oz Nonrefillable containers.}

Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

[Optional for EZ SPRAY™]

STORAGE AND DISPOSAL

Pesticide Storage: Turn the nozzle to "CLOSE" position. To prevent leakage, attach sprayer to clip. Store this product only in its original container in a secure storage area away from sources of heat or open flame and in an area inaccessible to children and pets. Keep from freezing. **Pesticide Disposal:** Do not discard the EZ Spray sprayer. Keep the EZ Spray sprayer for use on Black Flag Home Insect Control. Nonrefillable container. Do not reuse or refill this container unless the directions for use allow a different (concentrated) product to be diluted in the container. **If empty:** Place in trash or offer for recycling if available. Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for disposal instructions.

[Optional for AccuShot Sprayer]

STORAGE AND DISPOSAL

Pesticide Storage: Turn the nozzle to "CLOSE" position. To prevent leakage, attach sprayer to clip. Store this product only in its original container in a secure storage area away from sources of heat or open flame and in an area inaccessible to children and pets. Keep from freezing. **Pesticide Disposal:** Do not discard the AccuShot Sprayer. Keep the AccuShot Sprayer for use on Black Flag Home Insect Control. Nonrefillable container. Do not reuse or refill this container unless the directions for use allow a different (concentrated) product to be diluted in the container. **If empty:** Place in trash or offer for recycling if available. Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for disposal instructions.
