Michael Sarli
Sr. Director, Regulatory
Chemsico, A Div. Of United Industries Corp.
P.O. Box 142642
St. Louis, MO 63114

Subject: Notification per PRN 98-10 – Add optional marketing graphics and claims
Product Name: Chemsico Aerosol Insecticide NMR IV-N
EPA Registration Number: 9688-329
Application Date: October 21, 2022
Decision Number: 593574

Dear Michael Sarli:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “NOTIFICATION” and placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, please contact Elizabeth Andrews at 202-566-2467 or at Andrews.Elizabeth@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kara Welch".

NOTIFICATION

9688-329

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

09/13/2023

(Note to EPA Reviewer: All text for this label will be bilingual and will appear on the outside or inside of the outer carton as appropriate with a note that the Spanish instructions are inside (as appropriate). The container itself will be in English with the Spanish note above prominently displayed on the front panel. *The container will not include any icons due to space limitations.*)

Active Ingredients:

Tetramethrin	0.200%
Cypermethrin	1.500%
Piperonyl butoxide.....	0.500%
Pyriproxyfen.....	0.167%
Other Ingredients*	97.633%
Total	100.000%

*Contains petroleum distillates

KEEP OUT OF REACH OF CHILDREN

CAUTION See back [side panel] for additional First Aid and precautionary statements
 [See side panel for additional precautionary statements.]

NET WT. 1.2 OZ. (34 g)

STOP. READ ENTIRE LABEL BEFORE USE.**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply this product only as specified on this label.

To Use This Product Correctly

DO NOT USE MORE THAN ONE FOGGER PER ROOM.

(Please see Appendix for Pictograms)

Restrictions for Indoor Uses

Do not use in small, enclosed spaces such as closets and cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not use as a space spray. Use only in well-ventilated areas. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Keep people and pets out of the area during treatment. Do not allow adults, children or pets to enter the treated area until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. Do not apply to pets. Remove birds and other pets before application. Cover any water inhabited by fish (such as aquariums and ornamental fish ponds) during treatment, and turn aquarium systems off. Do not apply when food is present. Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use. Do not use in greenhouses where plants are grown for food. Do not apply directly into sewers or drains, or to any area like floor drains where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Exit area immediately and remain outside the treated area until the area is thoroughly ventilated and until aerosols, vapors or mists have dispersed.

Wait two (2) hours after application, then open windows, vents and doors for two hours. If an odor is detected additional ventilation is required. One can covers 2,000 cubic feet of unobstructed space (15.5ft. x 16ft. with 8ft. ceiling).

Does not control bed bugs.**BEFORE YOU FOG**

(Please see Appendix for Pictograms)

1. **OPEN** cabinets, cupboards, drawers, closets and doors in area to be treated
2. **REMOVE** or cover exposed foods, dishes, utensils, food-processing equipment and surfaces. **REMOVE** pets and birds and **COVER** and turn off air flow systems in aquariums. **REMOVE** or **COVER** children's and pet toys.
3. **CLOSE** outside doors and windows. **SHUT OFF** fans, air conditioners and temporarily disconnect smoke alarms.

For Fleas & Ticks: Vacuum all areas your pet has access to, including carpets, area rugs, bare floors, upholstered furniture, pillows and pet's sleeping area. Remove pet bedding and launder or discard. Return clean/new bedding only after Airing Out [the entire treatment process is completed]. Also treat dogs and cats with a flea and tick control product registered for use on pets before allowing them to re-enter treated areas.

TO START FOGGING

(Please see Appendix for Pictograms)

1. Place a chair, table or stand in the **center of the room** to be fogged. Cover with several layers of newspaper or paper towels.
2. **SHAKE WELL BEFORE USING.** Tilt sprayer **AWAY** from face (fogger can sprays up). Press valve all the way down, hooking the catch. Do not inhale the spray mist. Set fogger on newspapers or paper towels and leave premises [home] immediately.
3. Close door(s) and hang "Fogger in use tag" on door knob. **KEEP TREATED AREA CLOSED AND DO NOT RE-ENTER FOR AT LEAST TWO HOURS.** Keeping area sealed for a longer period of time will enhance fogger performance.

Vacate the treated house, individual apartment unit, or other structure immediately.

AFTER FOGGING

{Please see Appendix for Pictograms}

AIRING OUT:

BEFORE REOCCUPYING THE AREA, OPEN ALL DOORS AND WINDOWS, TURN ON AIR CONDITIONER AND FANS AND ALLOW TREATED AREA TO AIR OUT FOR TWO HOURS. Turn on smoke alarms and aquariums.

Storage and Disposal

Storage: Store in cool, dry area away from heat or open flame. Do not Puncture or Incinerate! **Pesticide Disposal and Container Handling: If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Contains petroleum distillate.

CAUTION: Harmful if swallowed. Avoid contact with skin, eyes or clothing. Causes moderate eye irritation. Breathing spray mist may be harmful. Users should remove clothing immediately if pesticide gets inside. Then, wash thoroughly and put on clean clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

First Aid

If swallowed:

Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If on Skin:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

If in Eyes:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

NOTE TO PHYSICIAN: May pose an aspiration pneumonia hazard. Contains petroleum distillate.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-332-5553 for emergency medical treatment information.

Environmental Hazards

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not contaminate water when disposing of equipment, wash water, or rinsate. See directions for Use for additional precautions and requirements.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

Questions or comments? Call 1-800-332-5553.

[*Guarantee - If you are not satisfied with this product for any reason, send your written request for a refund to the address below, together with the original dated store receipt showing the price you paid. Please allow 6-8 weeks for processing.]

[Contains NO CFC's or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.]

List of Optional Marketing Claims

1. Concentrated Formula
2. Dry-fog technology
3. Dry fog
4. Dry deep reaching fog leaves no messy residue
5. Dry fog is clean and leaves no messy residue
6. Leaves no messy residue
7. Clean [technology]
8. Clean [no residue]
9. Kills fleas
10. Kills fleas, [spiders], [crickets], [houseflies], [ticks], [and other listed [household] pests]
11. Deeper reaching [dry fog] [formula][technology]
12. Deep reach [fogger][formula]
13. Non-staining when used as directed
14. Low odor
15. odorless [formula]
16. No lingering odor [formula]
17. No unpleasant odor
18. No unpleasant residual odor
19. No oily residue
20. No lingering odor
21. Unscented
22. Leaves no mess
23. No-mess [fogger] [technology]
24. No [wet][messy][oily] residue
25. No residue [formula]
26. No need to turn off pilot lights
27. Keeps on killing crickets for up to [6 weeks] [[8 weeks][2 months] on non-porous surfaces
28. Residual killing power for crickets lasts up to [6 weeks][[8 weeks][2 months] on non-porous surfaces
29. [Flushes][drives out] listed bugs [and kills by contact]
30. [Flushes][drives out] listed bugs
31. [Kills][Lasts] Longer [lasting formula]than our previous formula
32. Controls [even] heavy infestations
33. Instructions in Spanish on the inside of the box [translation]
34. Guaranteed* – To work or your money back
35. One can treats 2,000 cubic feet of unobstructed area [space] (approximately 15.5 feet X 16 feet X 8 feet ceiling)
36. [One] [each] 1.2 oz. can treats up to 2,000 cubic feet
37. Kills fleas
38. Contains Nylar®
39. Kills fleas and ticks
40. Kills Fleas [and ticks]
41. Kills fleas and flea larvae
42. Breaks the Flea Life Cycle [by preventing development into adult fleas]
43. Prevents flea infestations from hatching fleas for up to 7 months [210 days] on non-porous surfaces and 3 months [90 days] on porous surfaces
44. Prevents flea infestations from hatching fleas for up to 7 months [210 days] on non-porous surfaces
45. Prevents flea infestations from hatching fleas for up to 3 months [90 days] on porous surfaces
46. Kills cockroaches
47. Kills mosquitoes
48. Kills cockroaches and mosquitoes

49. Starts killing cockroaches and mosquitoes in 24 hours
50. Treats large areas such as carpets, rugs, floors and furniture surfaces
51. HOME TREATMENT
52. **FOR BEST RESULTS USE THIS PRODUCT AS PART OF A COMPREHENSIVE FLEA & TICK TREATMENT PLAN.** An effective flea & tick control program includes simultaneous, coordinated treatment of the home, yard & pet. Treatment and prevention go hand in hand so it's key to treat all 3 areas. This integrated pest management approach involves inspection, cleaning, and targeting eggs, larvae & adults with the appropriate insecticides. Follow up treatments are almost always necessary as flea & tick problems will not be solved with just a one treatment approach.
53. This product is for Home Treatment
54. 
55. [Where to Use:] Treats large areas such as carpets, [rugs], [pet bedding], and [furniture surfaces]
56. [Application:] Each can covers 2,000 cubic feet of unobstructed space (15.5 ft x 16 ft with 8 ft ceiling)
57. Contains x (1.2 OZ) Foggers

Optional Text to be Used on Product Website www.blackflag.com:

[Vacuum all areas of your home that your pet has access to indoors: Carpets, area rugs, bare floors, upholstered furniture, pillows and your pet's sleeping area.]

[Use the crevice tool and other vacuum attachments along baseboards and around the corners and edges of furniture.]

Optional claims for fragranced formula:

1. With odor neutralizer fragrance [scent]
2. Odor [neutralizing][system][technology][formula]
3. [With] odor neutralizing formula
4. With odor neutralizer [technology]
5. Neutralizes odors

OPTIONAL PRODUCT FACTS BOX (to be displayed on the back label panel)

Where to Use: Treats large areas such as carpets, rugs and furniture surfaces
Application: Each can covers 2,000 cubic feet of unobstructed space (15.5ft. x 16ft. with 8ft. ceiling).
