WASHINGTON, DC 20460

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

August 4, 2020

Michael G. Sari
Sr. Director, Regulatory
Chemisco, Division of United Industries Corporation
P.O. Box 142642
St. Louis, MO 63114

Subject: Notification per PRN 98-10 – Addition of label claims
Product Name: Chemisco Aerosol Insecticide LI-II
EPA Registration Number: 9688-340
Application Date: May 18, 2020
Decision Number: 564153

Dear Mr. Sarli:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Melody Banks at (703) 305-5413 or by email at Banks.Melody@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "J. Herrick".

Jacquelyn Herrick, Product Manager 03
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)
Office of Pesticide Programs

Chemsico Aerosol Insecticide LI-II

NOTIFICATION

9688-340

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

08/04/2020

ACTIVE INGREDIENTS:

Imiprothrin	0.075%
Lambda-Cyhalothrin	0.025%
OTHER INGREDIENTS	<u>99.900%</u>
TOTAL:	100.000%

KEEP OUT OF REACH OF CHILDREN

CAUTION See back for additional precautionary statements

NET WT. 12 oz (340 g); 17.5 oz (496g)

STOP! READ ENTIRE LABEL BEFORE USE.**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: *For residential use only.* Point spray away from people, pets and plants. Do not use as a room spray. Remove pets and cover aquariums before spraying. Do not allow the spray to contact food or food-contacting surfaces. Do not allow people or pets to contact treated surfaces until spray has dried. Thoroughly wash dishes, utensils and counter tops with soap and water if they are inadvertently sprayed with this product.

INDOORS**To kill ants, cockroaches, spiders, fleas, silverfish, firebrats, crickets, asian ladybeetles, carpet beetles, waterbugs, palmettos bugs and stink bugs:**

Shake well before using. [Use straw [extension tube] to apply]. Spray surfaces until damp, moving the spray rapidly to prevent excessive wetting and waste of product. Treat areas where insects are commonly found, such as cracks and crevices. **Ants:** Treat around doors, around window frames, ant trails and other areas of entry. Fire ants and Pharaoh ants must be sprayed directly in order to be killed. **Fleas:** Fleas must be sprayed directly in order to be killed. **Spiders:** Spiders must be sprayed directly in order to be killed.

[WHERE TO USE [Graphic showing Indoor treatment sites.]

Use Chemsico Aerosol Insecticide LI II as a spot treatment indoors

- Along & Behind Baseboards [graphic depicting use]
- Around & Beneath Appliances [graphic depicting use]
- Beneath & Behind Sinks [graphic depicting use]

Other Areas Where Insects Are Often Found

- In cracks and crevices
- In dark corners of rooms, cabinets and closets
- Around pipes and plumbing
- Around waste containers

OUTDOORS

Do not water the treated area to the point of run-off. Do not make applications during rain. All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Treatment to soil or vegetation around structures
2. Applications to lawns, turf, and other vegetation.

All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications, only.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

To kill ants, cockroaches, spiders, fleas, crickets, asian ladybeetles, stinkbugs, palmetto bugs and waterbugs:

Shake well before using. [Use straw [extension tube] to apply]. Spray common insect entry points around buildings. Spray around door frames, window frames and screens, porches and patios. **Ants:** Spray ant hills, nests, ant trails and other areas of entry. Fire ants and Pharaoh ants must be sprayed directly in order to be killed. **Fleas:** Fleas must be sprayed directly in order to be killed. **Spiders:** Spiders must be sprayed directly in order to be killed. Point spray away from people, pets and plants.

STORAGE AND DISPOSAL

Pesticide Storage: Store in cool, dry area inaccessible to children and away from heat or open flame. Do Not Puncture or Incinerate!

Pesticide Disposal and Container Handling: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS**Environmental Hazards**

This pesticide is toxic to fish. Do not apply directly to water.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

List of Optional Marketing Claims {the following optional marketing claims may appear either on the product package or at point of sale}

{GENERAL KILL CLAIMS}

1. Kills cockroaches [roaches], ants, spiders and fleas
2. Kills roaches, ants, and spiders
3. Kills roaches, ants, spiders, silverfish, firebrats, crickets, Asian ladybeetles, carpet beetles, stinkbugs, waterbugs and palmetto bugs (Note to Reviewer: Any combination/order of bugs may be chosen from this list to include in this "kills" claim)
4. Starts to kill in 24 hours
5. Starts killing in 24 hours
6. Starts to kill roaches, ants and spiders [and fleas] in 24 hours
7. Starts killing roaches, ants, spiders, fleas, silverfish, firebrats, crickets, Asian ladybeetles, carpet beetles, stinkbugs, waterbugs and palmetto bugs in 24 hours (Note to Reviewer: Any combination/order of bugs may be chosen from this list to include in this "starts killing" claim)
8. Starts to kill roaches, ants, spiders, fleas, silverfish, firebrats, crickets, Asian ladybeetles, carpet beetles, stinkbugs, waterbugs and palmetto bugs in 24 hours (Note to Reviewer: Any combination/order of bugs may be chosen from this list to include in this "starts to kill" claim)
9. Kills fire ants
10. [Also] Kills spiders
11. Kills black widow spiders
12. Kills brown recluse spiders

{RESIDUAL KILLS CLAIMS}

13. Kills [Controls] cockroaches for up to [[1] [2] [3] months]**
14. Kills [Controls] ants for up to [3 months]***
15. Kills [Controls] ants for up to [2 months]****
16. For ant & roach control
17. Kills [Controls] cockroaches and ants for up to [3 months]††
18. Kills [Controls] for up [3 months]†††

**on non-porous surfaces

***non-porous surfaces; excluding pharaoh, fire and carpenter ants

****non-porous surfaces; excluding pharaoh and fire ants

††on non-porous surfaces; excluding carpenter, pharaoh and fire ants

†††on non-porous surfaces; excluding spiders, fleas, and carpenter, pharaoh and fire ants

{SPEED CLAIMS}

19. Fast Knockdown
20. Knocks down in seconds
21. Knocks down roaches [cockroaches] [fast] [in 15 seconds
22. Knocks down german cockroaches [roaches] in 5 seconds
23. Knocks down American cockroaches [roaches] in 15 seconds
24. Knocks down roaches [cockroaches] in 5 seconds[°]
25. Knocks down spiders [fast] [in 15 seconds]
26. Knocks down ants [fast] in 20 seconds
27. Starts to knock down roaches [cockroaches] in 15 seconds
28. Starts to knock down spiders in 15 seconds
29. Starts to knock down ants in 20 seconds Kills on contact
30. Quick kill against cockroaches [roaches]
31. Fast-acting against cockroaches [roaches]
32. Kills roaches [cockroaches] quickly
33. Kills roaches [cockroaches] on contact
34. Kills by contact
35. Quick kill^β
36. Fast-acting^β
37. Kills on contact^β

^β Excluding harvester ants

[°]German cockroaches

MISCELLANEOUS CLAIMS

38. Guaranteed* to work or your money back
39. For indoor & outdoor use
40. Formulated for indoor & outdoor use
41. Dries quickly
42. Leaves no oily [sticky] residue
43. Contains [0.75%] imiprothrin, a fast-acting knockdown agent
44. Point. Spray. Dead.
45. Use in conjunction with an ant bait to kill the ants you don't see
46. Use an aerosol to spray ants you see. Also use an ant bait in areas where they travel to find food to kill the queen and the rest of the colony.
47. Use an aerosol spray to kill the ants you see
48. For more effective control, you should also use an ant bait to kill the ants you don't see.
49. [Where to Use:] For use around [in] crack & crevices, door frames, window frames, window screens and anywhere insects may enter your home.
50. [What it Does:] Kills roaches, ants, spiders and fleas
51. [When to Use:] Use when you see [evidence] [activity] of listed insects [such as *any combination of bugs on the label may be chosen to be included here.*]
52. Unscented
53. Fragrance Free
54. (Designed) (For) Spot Treatment
55. (Designed) (For) Cracks & Crevices
56. AccuSpray
57. AccuCap

{FOR USE WITH A FRAGRANCE FORMULAS:}

58. [Clean] [Fresh] [Breeze] [Floral] Scent
59. [Country][Garden][Fresh] Scent
60. Fresh Floral [Scent][Perfume]
61. [Spring][Spring fresh][Spring time] Scent
62. Citrus [Lemon] Scent

{OVERCAP CLAIMS:}

63. [New] [Modern] [Look] [Cap] [Same trusted Formula] {"New" claim to be used for 6 months after launch of overcap}
64. [EZ] [Easy] [Spray] [Aerosol] [Grip] [Cap]

65. Comfort [spray] [grip] [cap]
66. [Natural] [Comfort] Grip
67. ComfortGrip [Cap]
68. Designed to Fit Comfortably in Your Hand
69. Sleek Design
