

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

September 19, 2024

Michael G. Sarli
Senior Director Regulatory
Chemsico, Div. Of United Industries Corp.
P.O. Box 142642
St. Louis, MO 63114

Subject: PRIA Label Amendment – Add claims for houseflies and residual claim for spiders.
Product Name: Chemsico Aersol Insecticide LI-II
EPA Registration Number: 9688-340
Application Date: 09/29/2023
Case Number: 492043

Dear Mr. Sarli:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find

or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Jamey Shuler by phone at (202) 566-2898, or via email at Shuler.Jamey@epa.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read "J. Herrick". The signature is written in a cursive, flowing style.

Jacquelyn Herrick, Product Manager 03
Invertebrate & Vertebrate Branch 1
Registration Division (7505T)
Office of Pesticide Programs

Enclosure

Chemsico Aerosol Insecticide LI-II

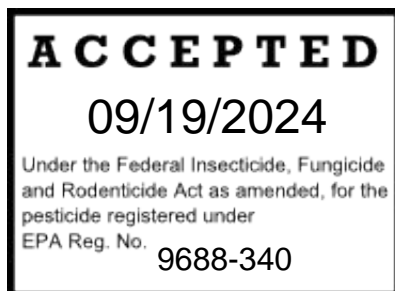

ACTIVE INGREDIENTS:

Imiprothrin	0.075%
Lambda-Cyhalothrin	0.025%
OTHER INGREDIENTS	<u>99.900%</u>
TOTAL:	100.000%

KEEP OUT OF REACH OF CHILDREN

CAUTION See back for additional precautionary statements

NET WT. 12 oz (340 g); 17.5 oz (1 lb 1.5 oz/496g) 20 oz (1 lb 4 oz/567g)

STOP! READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For indoor use only.

Or

For outdoor use only.

Or

For both indoor and outdoor use

[[What it Does:] Kills roaches, ants, spiders, [houseflies] and fleas]

[Where to Use:] For use around [in] crack & crevices, door frames, window frames, window screens and anywhere insects may enter your home.

[[When to Use:] Use when you see [evidence] [activity] of listed insects [such as any combination of bugs on the label may be chosen to be included here.]

Use Restrictions: *For residential use only.* Point spray away from people, pets and plants. Do not use as a room spray. Remove pets and cover aquariums before spraying. Do not allow the spray to contact food or food-contacting surfaces. Do not allow people or pets to contact treated surfaces until spray has dried. Thoroughly wash dishes, utensils and counter tops with soap and water if they are inadvertently sprayed with this product.

Do not allow to enter indoor or outdoor drains. Follow proper disposal procedures on label.

No permita la entrada a desagües internos o externos. Siga la indicaciones del etiquetado para el desecho apropiado del producto.

INDOORS

To kill ants, cockroaches, spiders, fleas, silverfish, firebrats, crickets, Asian ladybeetles, carpet beetles, waterbugs, houseflies, palmettos bugs and stink bugs:

Shake well before using. [Use straw [extension tube] to apply]. Spray surfaces until damp, moving the spray rapidly to prevent excessive wetting and waste of product. Treat areas where insects are commonly found, such as cracks and crevices. **Ants:** Treat around doors, around window frames, ant trails and other areas of entry. Fire ants and Pharaoh ants must be sprayed directly in order to be killed. **Fleas:** Fleas must be sprayed directly in order to be killed. Do not apply to carpets and hard surfaces as a pin stream or coarse spray treatment. **Houseflies:** Spray (for 1 second) directly on house flies from a distance of 8 – 12 inches. House flies must be sprayed directly in order to be killed.

[WHERE TO USE

Use Chemsico Aerosol Insecticide LI II as a spot treatment indoors

- Along & Behind Baseboards [graphic depicting use]
- Around & Beneath Appliances [graphic depicting use]
- Beneath & Behind Sinks [graphic depicting use]
- **Other Areas Where Insects Are Often Found**
- In cracks and crevices
- In dark corners of rooms, cabinets and closets
- Around pipes and plumbing

- Around waste containers

OUTDOORS

1. All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:
2. Application to pervious surfaces such as soil, and other vegetation;
3. Perimeter band treatments of 7 feet wide or less from the base of a man-made structure to pervious surfaces (e.g., soil, or mulch);
4. Applications to underside of eaves, soffits, doors, or windows permanently protected from rainfall by a covering, overhang, awning, or other structure;
5. Applications around potential exterior pest entry points into man-made structures such as doorways and windows, when limited to a band not to exceed one inch;
6. Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 feet above ground level;
7. Applications to vertical surfaces directly above pervious surfaces, such as soil, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters, or surface waters.

Spot treatments must not exceed two square feet in size (for example, 2ft. by 1 ft or 4 ft. by 0.5 ft.).

For soil or foliar applications, do not apply by ground within 25 feet of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries and commercial fish farm ponds.

Do not spray the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.

Do not allow the product to enter any drain during or after application.

Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment.

Do not apply or irrigate to the point of runoff.

Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.

Treat surfaces to ensure thorough coverage but avoid runoff

To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

To kill ants, cockroaches, spiders, fleas, crickets, Asian ladybeetles, stinkbugs, palmetto bugs, houseflies and waterbugs:

Shake well before using. [Use straw [extension tube] to apply]. Spray common insect entry points around buildings. Spray around door frames, window frames and screens, porches and patios. **Ants:** Spray ant hills, nests, ant trails and other areas of entry. Fire ants and Pharaoh ants must be sprayed directly in order to be killed. **Fleas:** Fleas must be sprayed directly in order to be killed. Point spray away from people, pets and plants. **Houseflies:** Spray (for 1 second) directly on house flies from a distance of 8 – 12 inches. House flies must be sprayed directly in order to be killed.

STORAGE AND DISPOSAL

Pesticide Storage: Store in cool, dry area inaccessible to children and away from heat or open flame. Do Not Puncture or Incinerate!

Pesticide Disposal and Container Handling: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS**Environmental Hazards**

This pesticide is toxic to fish. Do not apply directly to water.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

{List of Optional Marketing Claims - the following optional marketing claims may appear either on the product package or at point of sale}

Please note that a Spanish translation of label text may be used on the commercialized label

{GENERAL KILL CLAIMS}

1. Kills cockroaches [roaches], ants, spiders, and fleas
2. Kills roaches, ants, and spiders
3. Kills roaches, ants, spiders, silverfish, firebrats, crickets, Asian ladybeetles, carpet beetles, stinkbugs, waterbugs, houseflies and palmetto bugs (*Note to Reviewer: Any combination/order of bugs may be chosen from this list to include in this "kills" claim*)
4. Starts to kill in 24 hours
5. Starts killing in 24 hours
6. Starts to kill roaches, ants and spiders [and fleas] in 24 hours
7. Starts killing roaches, ants, spiders, fleas, silverfish, firebrats, crickets, Asian ladybeetles, carpet beetles, stinkbugs, waterbugs, houseflies and palmetto bugs in 24 hours (*Note to Reviewer: Any combination/order of bugs may be chosen from this list to include in this "starts killing" claim*)
8. Starts to kill roaches, ants, spiders, fleas, silverfish, firebrats, crickets, Asian ladybeetles, carpet beetles, stinkbugs, waterbugs, houseflies and palmetto bugs in 24 hours (*Note to Reviewer: Any combination/order of bugs may be chosen from this list to include in this "starts to kill" claim*)
9. Kills fire ants
10. [Also] Kills spiders
11. Kills black widow spiders
12. Kills brown recluse spiders
13. Kills houseflies
14. Kills crawling and flying insects as listed
15. Kills tough bugs
16. Unique formula targets bugs
17. Target tough bugs
18. Zero tolerance for bugs

{RESIDUAL KILLS CLAIMS}

19. Kills [Controls] cockroaches for up to [[4] [6] [8] [10] [12]] weeks]** [[1] [2] [3] months]**
20. Kills [Controls] ants for up to [12 weeks]** [3 months]**
21. Kills [Controls] ants for up to [8 weeks]** [2 months]**
22. For ant & roach control
23. Kills [Controls] cockroaches and ants for up to [12 weeks]** [3 months]**
24. Kills [Controls] spiders for up to [12 weeks]** [3 months]**
25. Kills [Controls] for up to [12 weeks]** [3 months]**
26. Kills on contact and [then] continues killing for up to 12 weeks**
27. One [hit] [shot]. Triple threat. Out triple action formula knocks down, kills and keeps on protecting**

**on non-porous surfaces

***non-porous surfaces; excluding pharaoh, fire, and carpenter ants

****non-porous surfaces; excluding pharaoh and fire ants

††on non-porous surfaces; excluding carpenter, pharaoh, and fire ants

†††on non-porous surfaces; excluding fleas, and carpenter, pharaoh, and fire ants

{SPEED CLAIMS}

28. Fast Knockdown
29. Knocks down in seconds
30. Knocks down roaches [cockroaches] [fast] [in 15 seconds]
31. Knocks down German cockroaches [roaches] in 5 seconds
32. Knocks down American cockroaches [roaches] in 15 seconds
33. Knocks down roaches [cockroaches] in 5 seconds*
34. Knocks down spiders [fast] [in 15 seconds]
35. Knocks down ants [fast] in 20 seconds
36. Starts to knock down roaches [cockroaches] in 15 seconds
37. Starts to knock down spiders in 15 seconds
38. Starts to knock down ants in 20 seconds Kills on contact
39. Quick kill against cockroaches [roaches]
40. Fast-acting against cockroaches [roaches]

[Bracketed Text] = Optional language

{Braced Text = Note to Reviewer

- 41. Quick kill [fast-acting] against houseflies
- 42. Kills roaches [cockroaches] quickly
- 43. Kills roaches [cockroaches] on contact
- 44. Kills by contact
- 45. Stops bugs fast before they can run and hide^β
- 46. Quick kill^β
- 47. Fast-acting^β
- 48. Kills on contact^β

^β Excluding harvester ants

[∞]German cockroaches

MISCELLANEOUS CLAIMS

- 49. Guaranteed* to work or your money back
- 50. For indoor & outdoor use
- 51. Formulated for indoor & outdoor use
- 52. Dries quickly
- 53. Leaves no oily [sticky] residue
- 54. Contains [0.75%] imiprothrin, a fast-acting knockdown agent
- 55. Point. Spray. Dead.
- 56. Use in conjunction with an ant bait to kill the ants you don't see
- 57. Use an aerosol to spray ants you see. Also use an ant bait in areas where they travel to find food to kill the queen and the rest of the colony.
- 58. Use an aerosol spray to kill the ants you see
- 59. For more effective control, you should also use an ant bait to kill the ants you don't see.
- 60. [Where to Use:] For use around [in] crack & crevices, door frames, window frames, window screens and anywhere insects may enter your home.
- 61. [What it Does:] Kills roaches, ants, spiders and fleas
- 62. [When to Use:] Use when you see [evidence] [activity] of listed insects [such as *any combination of bugs on the label may be chosen to be included here.*]
- 63. Unscented
- 64. Fragrance Free
- 65. No [lingering] [harsh] chemical odor
- 66. No harsh [odor] [smell]
- 67. Spray Upside Down
- 68. Hits hard to reach places
- 69. (Designed) (For) Spot Treatment
- 70. (Designed) (For) Cracks & Crevices
- 71. AccuSpray
- 72. AccuCap
- 73. [TargetSpray] [Target Spray] Technology
- 74. Micro Droplet Technology

*If you are not satisfied with this product for any reason, send your written request for a refund to the address below, together with the dated store receipt showing the price you paid.] [Guaranteed! To work or your money back]. Please allow 6-8 weeks for processing

{FOR USE WITH A FRAGRANCE FORMULAS:}
