STOP — READ THIS LABEL BEFORE USE

WARNING: May be fatal if swallowed! Do not breathe dust or fumes. Do not contact with skin. Wash hands after using. Do not contaminate feed and foodstuffs. Do not allow bait to be exposed on bare ground.

Baits should be placed in areas not accessible to children, pets, wildlife and domestic animals or in tamper-proof bait boxes.

FISH AND WILDLIFE CAUTION: This product is toxic to birds and other wildlife. Treated bait exposed on soil surface may be hazardous to birds and other wildlife. Keep out of lakes, streams or ponds. Apply this product only as specified on this label.

ANTIDOTE: Give a tablespoonful of salt in a glass of warm water and repeat until vomit fluid is clear. Have victim lie down and keep warm. Call a Physician Immediately!

DIRECTIONS FOR USE: For hand or cyclone seeder broadcast baiting (Microtus sp. and Peromyscus sp. only) bait should be applied at the rate of 6 to 10 pounds per acre. When applying by hand, throw tablespoon amounts into heavy cover along tree rows, rock outcrops, and fence lines. Do not broadcast over growing crops. Post harvest applications only.

For aerial baiting apply 8 to 10 pounds of bait per acre. Do not apply over roadways. Other conditions apply as per broadcast baiting. Observe WARNING and CAUTION notice above.

DO NOT REUSE THIS CONTAINER. Completely empty the contents and bury the unused chemical at least 18 inches deep in an isolated location away from water supplies. Burn the empty container completely. Exercise extreme caution and stay well away from the smoke. Do not use the container in any connection with feed, food, or drinking water.
