Mr. Jim Tompkins, Product Manager 25 Document Processing Desk - *NOTIF* Office of Pesticide Programs – *7504C* U.S. Environmental Protection Agency 1921 Jefferson Davis Highway Crystal Mall 2, Room 266A Arlington, VA 22202-4501

Dear Mr. Tompkins:

Subject: Weco Products, Inc.

AlgiClear

EPA Reg. No. 9712-8

On behalf of its client **Weco Products, Inc.**, RegWest Company, LLC is submitting the attached documents in support of a label revision notification for subject product. RegWest Company will act as sole agent in this endeavor.

Attached are the following:

- 1. Application for Pesticide: Other
- 2. One **Reference Label** (illustrates the change)
- 3. One New Label (incorporates the change)
- 4. Three copies of final printed (market) labeling (only the 1 pint size)

We are adding two words to the front panel: and Containerized. The State of New York classified this product as state restricted use because the fish ponds and fountains use sites could potentially flow into state waters – and only certified applicators are allowed to apply products to state waters. Therefore, by qualifying these sites as *containerized* fish ponds and fountains we will avoid the state waters issue and New York State will lift the restricted use designation.

Please contact me at (970) 353-0611 or kim@regwest.com if you have any questions or require additional information.

Regards.
