

# TRI-KIL NONSELECTIVE

NET CONTENTS  
GALLON

## WEED AND GRASS KILLER

FOR CONTROLLING VEGETATION ON NONCROPPED LAND AND INDUSTRIAL SITES  
WHERE LONG RESIDUAL CONTROL OF SEEDLINGS IS DESIRED

### Triple-Action

- Kills foliage on contact.
- Kills roots when leached into the soil.
- Kills seedlings — prevents reinfestation — for an extended length of time.

ACTIVE INGREDIENTS:	
Anhydrous Sodium Metaborate (Na <sub>2</sub> B <sub>2</sub> O <sub>4</sub> )	10.0%
Sodium Chlorate (NaClO <sub>3</sub> )	7.0%
Bromacil (5-bromo-3-sec-butyl-6-methyl uracil)	0.3%
INERT INGREDIENTS	
	82.7%

### DIRECTIONS FOR USE

Prepare and apply as follows: Dilute 1 gallon of TRI-KIL with up to 10 gallons of water, and apply as a wet spray on 250 to 300 sq. ft. of soil surface. TRI-KIL may be applied if desired without further dilution. Apply at the rate of  $\frac{1}{4}$  to  $\frac{1}{2}$  gallon per 100 sq. ft. For control of perennial grasses and broad weeds, the heavier rates are suggested. For control of annual weeds, apply TRI-KIL as a contact spray when plants are young, thoroughly wetting all parts of the plant, particularly the growing tips. For control of perennial grasses, such as Johnson grass, late summer or fall applications are recommended.

Do not apply TRI-KIL sprays on desirable plants or over the root area of desirable trees or shrubs. Avoid sprat drift to susceptible plants.

Cameraman's Note  
Poor Copy

## CAUTION

### KEEP OUT OF REACH OF CHILDREN

Avoid contamination of feed and foodstuffs. Keep livestock and other animals off treated areas. Do not contaminate domestic or irrigation water, or waters used by fish and wildlife. Avoid contact with skin, eyes and clothing. In case of contact, flush with plenty of water; for eyes, get medical attention. Do not store near fertilizers, seeds, insecticides or fungicides.

## NOTICE

Because of the many varying conditions affecting use and application, such as location, seasonal weather, soil composition and type of vegetation, manufacturer warns buyer that these and other conditions may impair or vary the results or effects of the use of this product. In any event, complete elimination of weeds is not guaranteed. It is advisable to consult your State Extension Service or Agricultural Experimental Station weed specialists on specific problems. Neither manufacturer nor seller shall be liable in respect to any injury or damage suffered by reason of the use of this product for a purpose not indicated by the label or when used contrary to the direction or instructions hereon nor with respect to breach of any warranty not expressly specified herein. Buyer accepts this material subject to these terms, and assumes all risk of usage and handling except when used or handled in accordance with this label. Neither manufacturer nor seller makes, and their employees and agents are not permitted to make, any representations or warranties, express or implied by law, not specifically set forth herein.
