

610 is a cleaner, disinfectant, and sanitizer designed for institutional use, such as HOSPITALS, NURSING HOMES, and SCHOOLS where housekeeping will be of prime importance in controlling the hazard of cross-infection. 610 can provide the assurance you need in this area, when used as directed. For use on floors, walls, sink tops, garbage pails, telephones, rest rooms, bed pans and operating rooms. Effective against Staphylococcus aureus, Salmonella choleraesuis and Pseudomonas aeruginosa. Also effective against pathogenic fungi, Trichophyton interdigitale.

When used for sanitization of food processing equipment and food contact items, limit active quaternary to 200 ppm. At this level **No Potable Water Rinse** is required.

WARNING

Keep Out of Reach of Children. Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a Physician.

DIRECTIONS

Remove Dust Cap from sprayer by turning clockwise. Release sprayer by turning V shaped head counter clockwise.

Hold sprayer 6 to 8 inches from surface to be cleaned and spray with short strokes. Dirt, grease, smudges, and ground-in dirt are loosened at once. Wipe off loosened dirt with a damp sponge, cloth, or a dry paper towel.

To clean large areas, such as shower stalls, tile around bathtubs, woodwork, etc., spray from the bottom to the top to insure complete coverage.

W-B Hard Surface Cleaner will also clean and sanitize bathtubs, wash basins, kitchen exhaust fans, hoods over stoves, and refrigerators. Also, excellent for cleaning white wall tires, plastic upholstery, outdoor furniture, and most washable surfaces.
