# MENSIONE CONTRACTOR OF THE PROPERTY OF THE PRO

CONTAINS 4 POUNDS OF MSMA AND 0.6 POUNDS OF DIURON PER GALLON, PLUS EFFECTIVE SURFACTANT. USEFUL FOR SELECTIVE POST-EMERGENT CONTROL OF CERTAIN GRASSES AND BROADLEAVED WEEDS IN COTTON, AND IN NON-CROP AREAS.

# ACCEPTED

DEC 1 2 1972

UNION THE HAL INSECTICIDE FUNCTION AND RODENT CIDE ACT FOR MOMOMIC POISON REGISTERED UNDER NO. 1279 X4 SUBJECT IC ATTACHED COMMENTS.

ACTIVE INGREDIENTS:  Monosodium Acid Melhanearso	nate	34 28%
(Diuron) 3-(3,4-dichlorophenyl) -	1,1-dimethylurea	5.14%
INERT INGREDIENTS:		
Total arsenic (as elemental)	TOTAL	100.00%
all in water soluble form		15.8%
Product contains 4 pounds of MSMA gallon.	and 0.6 pounds of I	Diuron per

## CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contact with skin, Avoid breathing spray mist. Wash hands after using. Do not store near feed or food products. Keep children and domestic animals off treated areas until this material has been washed into the soil.

ANTIDOTE: If taken internally induce vomiting and call a physician at once.

READ ENTIRE LABEL BEFORE USING THIS PRODUCT: Use of this product in a manner not in accordance with the information on this label may injure or kill humans, domestic animals, wildlife, aquatic life, desirable plants, create excessive and unlawful chemical residues, or produce other undestrable results.

### DIRECTIONS FOR USE

AGITATE THOROUGHLY BEFORE MIXING

MIXING INSTRUCTIONS: RIVERSIDE DI QUICK HERBICIDE must be thoroughly mixed. Fill the tank about half full of water, and with pump operating, add the required amount of RIVERSIDE DI QUICK HERBICIDE. Finish filling the tank with water and apply.

If preferred, RIVERSIDE DI QUICK HERBICIDE can be pre-mixed in 3 to 5 ga ions of water in an open head bucket. This premix should then be placed in the partially filled spray tank, and the tank filled.

Do not store spray solution in tank for a prolonged period, and clean application equipment thoroughly after use by flushing with water.

PRE-BLOOM, POST-EMERGENT WEED CONTROL IN COTTON: RIVERSIDE DI QUICK HERBICIDE is useful as a directed spray application to weeds in cotton for post-emergent control of grasses and broadleaved weeds, including barnyardgrass, crabgrass, cocklebur, Dallisgrass, foxtail, goosegrass, Johnsongrass, morningglory, nutsedge, pigweed, puncture vine, ragweed, sandbur, and watergrass.

Mix at a rate of 5 pints RIVERSIDE DI QUICK HERBICIDE in 50 gallons of water. Apply at a broadcast rate of 40 gallons of this solution per acre. For band application, apply at a rate of one gallon of this solution for each 1 inch band width to be treated on cotton grown in 40 inch rows. A second application may be required 7 to 21 days after the first application.

RIVERSIDE DI QUICK HERBICIDE should be applied with a low volume sprayer, having satisfactory pumping and bypass action. Nozzles should be placed so as to avoid spraying the cotton foliage, but also to give good coverage of the weeds and grasses. Proper coverage is very important.

Slight burning and a reddish discoloration of the cotton leaf may occasionally occur following the recommended treatment, but the cotton plant will develop normally.

APPLY ONLY WHEN COTTON IS 6 INCHES HIGH TO FIRST BLOOM. DO NOT APPLY AFTER FIRST BLOOM. DO NOT FEED TREATED FOLIAGE TO LIVE-STOCK OR GRAZE TREATED AREAS. DO NOT MAKE MORE THAN TWO APPLICATIONS PER CROP.

NON-CROP: RIVERSIDE DI QUICK HERBICIDE is useful for controlling crabgrass, cocklebur, Dallisgrass, goosegrass, Johnsongrass, morningglory, nutsedge, pigweed, ragweed, watergrass and similar weeds on drainage ditchbanks, right-ol-ways, storage yards and similar non-crop areas.

Mix RIVERSIDE DI QUICK HERBICIDE at a rate of 5 pints in 50 gallons of water. Spray the unwanted vegetation thoroughly to the point of run-off. Any spray equipment that gives good coverage may be used. If regrowth occurs, retreat as required.

DO NOT CONTAMINATE WATERS USED FOR DOMESTIC CONSUMPTION OR BY ANIMALS, WILDLIFE AND AQUATIC LIFE, OR WATER FOR IRRIGATION PURPOSES.

### **CONTAINER DISPOSAL**

Do not reuse empty container. Wash thoroughly with water and detergent, crush if possible, and discard in a safe place

### NOTICE
