

# RIVERSIDE 10% HEPTACHLOR GRANULES

USEFUL FOR THE CONTROL OF CERTAIN INSECT PESTS OF LAWNS (Including Imported Fire Ants), CORN, SMALL GRAINS (Barley, Oats, Rye, Wheat), AND TOBACCO.

<b>ACTIVE INGREDIENTS:</b>	
*Heptachlor .....	10.00%
Related Compounds .....	3.70%
<b>INERT INGREDIENTS:</b> .....	86.30%
TOTAL .....	100.00%
*Heptachlorotetrahydro-4, 7-Methanoindene	

## WARNING: KEEP OUT OF REACH OF CHILDREN

May be fatal if swallowed. Contact with skin can cause toxic symptoms. Do not breathe dust. In case of contact with skin, wash with soap and water. Do not contaminate feed and foodstuffs.

Keep children and pets off treated turf until material has been washed into the soil by watering or rain, and the grass is dry.

This product is toxic to fish and wildlife. Birds feeding on treated areas may be harmed.

Keep out of lakes, ponds, and streams. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes.

Do not apply to any area not specified on the label.

**READ ENTIRE LABEL BEFORE USING THIS PRODUCT:** Use of this product in a manner not in accordance with the information on this label may injure or kill humans, domestic animals, wildlife, aquatic life, desirable plants, create excessive and unlawful chemical residues, or produce other undesirable results.

### ANTIDOTE:

**INTERNAL** — Give an emetic of 1 tablespoonful of mustard in a glass of water. Call a physician.

**EXTERNAL** — In case of spillage on skin wash promptly with soap and water.

DO NOT CONTAMINATE WATERS USED FOR DOMESTIC CONSUMPTION OR BY ANIMALS, WILDLIFE AND AQUATIC LIFE, OR WATER FOR IRRIGATION PURPOSES.

### CONTAINER DISPOSAL

Do not reuse empty container. Containers should be disposed of by punching holes in them and burying with wastes, or by burning. Stay out of smoke.

### NOTICE

Riverside Chemical Company warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Riverside Chemical Company, and buyer assumes the risk of any such use.

### GENERAL INFORMATION

RIVERSIDE 10% HEPTACHLOR GRANULES is useful for the control of many lawn insect pests (including Imported Fire Ants, Chinch Bugs, and Sod Webworms). It is also useful for control of certain insect pests of corn, small grains (barley, oats, rye, wheat), and tobacco. Use of this granular material greatly reduces the losses and hazards of contamination caused by the drift associated with dusts or sprays.

### DIRECTIONS FOR USE

*Ornamental Turf*

**LAWNS:** For control of Imported Fire Ants, Chinch Bugs, Chiggers, White Grubs, Wireworms, Cutworms, Armyworms, Sod Webworms, June Beetle Larvae, and Mole Crickets apply RIVERSIDE 10% HEPTACHLOR GRANULES at the rate of 1 pound per 2,000 square feet. Immediately after treatment drench lawn by sprinkling. This deposits granules under blades of grass onto the soil and out of contact of pets and children. Do not allow children or pets to use treated areas during treatment or sprinkling. Treated areas are safe to use after they are completely dry after sprinkling.

**SOIL APPLICATION TO FIELD CROPS:** Unless otherwise specified, make pre-plant soil applications just before or at planting time. Work into the top 3-6 inches of soil as soon as possible after application.

CROP	INSECTS CONTROLLED	LBS. PER ACRE 10% HEPTACHLOR GRANULES	
		Row	Broadcast
CORN	Seed Corn Beetle, Seed Corn Maggots, Wireworms, Cutworms, Japanese Beetle Larvae, Corn Rootworms	10	20
	Grape Colaspis Larvae, White-fringed Beetle Larvae, Corn Billbug	20	30
	Green June Beetle Larvae		30
	Cornfield Ants	10 to 15	15 to 20
SMALL GRAINS (Barley, oats, rye, wheat)	White Grubs and Wireworms	—	20 to 30
TOBACCO	White-Fringed Beetle and Wireworms	—	20 to 30
