GENERAL INFORMATION

REMAGON 30 Granules is a registered trademark of the manufacturer. It is a pesticide and should be used in accordance with the label directions.

DIRECTIONS FOR USE

Apply evenly in rows 12 inches apart at a depth of 6 to 8 inches below the normal soil surface. Seal the furrows by rolling the soil surface with rollers or use light irrigation or some other means.

Apply evenly in rows 12 inches apart at a depth of 6 to 8 inches below the normal soil surface. Seal the furrows by rolling the soil surface with rollers or use light irrigation or some other means.

Use as a preplanting or at-planting treatment of soil to be planted to sugarcane, cotton, corn, sorghum, lettuce, melons, peanuts, radishes, tobacco, and other crops.

For soil treatment, apply 5.4 pounds of REMAGON 30 Granules per 544 square feet of a prepared planting area. For row treatment, apply 1.8 pounds of REMAGON 30 Granules in 1,000 feet of row. Do not space rows closer than 12 inches.

Do not use for any other purpose. Do not use in areas where it may be harmful to plants, animals, or humans. Do not use in areas where it may be harmful to the environment. Do not use in areas where it may be harmful to the soil.

CONTAINER DISPOSAL

When container is empty, do not reuse. Stay out of soil and furrows.
