

JUN 9 1986

Ms. Beverly P. Neale
 Riverside/Terra Corporation
 P.O. Box 171376
 Memphis, TN 38187-1376

Dear Ms. Neale:

Subject: Amendment: Add Rice, Pastures, and Rangeland: New Weeds
 Riverside 2,4-D Amine 4
 EPA Registration No. 9779-263
 Your Submission Dated May 22, 1986

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling change listed below before you release the product for shipment bearing the amended labeling:
 - Specify "Do not apply directly to water except as stated on this label" in the Environmental Hazard section.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release

PRECAUTIONARY STATEMENTS

DANGER

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Corrosive. Causes eye damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield when handling.

Harmful if swallowed, absorbed through skin or inhaled.

Avoid breathing spray mist. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling. Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons.

ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply directly to water. Do not apply when weather conditions favor drift from target area, as this product may injure cotton, beans, other vegetables, certain legumes and ornamentals.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill, or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

RE-ENTRY STATEMENT

Do not enter treated areas without protective clothing until sprays have dried. Protective clothing means, at least, a hat or other suitable head covering, a long-sleeved shirt and long-legged trousers or a overall type garment, 100% closely woven fabric covering the body, including the arms and legs, shoes and socks.

Because certain states may require more restrictive reentry intervals for various crops treated with this product, consult your State Department of Agriculture for further information.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

STORAGE

Store in a dry location away from children, animals, foods, feeds, seeds, or other agricultural chemicals. Handle in accordance with information given under "Precautionary Statements." In the event of spillage or leakage, soak up material with absorbent clay, sand, sawdust, or other absorbent material. Soak up and dispose of in accordance with information given under "DISPOSAL." Repackage and relabel useable product in a sound container. In case of fire or other emergency, report at once by toll-free telephone to 800-424-9300.

DISPOSAL

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or residue is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or Environmental Control Agency, or the Hazardous waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Plastic Containers—Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, etc. if allowed by state and local authorities, by burning. If burned, stay out of smoke. Metal Containers—Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Apply this product only as specified on this label.

Do not forage or graze treated grain fields within 2 weeks after treatment with 2,4-D. Do not feed treated straw to livestock.

NOTE: (Coarse sprays are less likely to drift than fine mist sprays.) Do not allow this chemical or dilution of it to come in contact with desirable plants such as cotton, grapes, melon, tomatoes, beans, peas, other vegetables, legumes, ornamentals and fruit trees. Do not use the same spray equipment for other purposes where even trace amounts of this chemical may cause injury. Do not use in or around greenhouses.

CONTROLS THESE WEEDS

Canada Thistle	Witchweed	Wild Garlic	Redroot Pigweed
Wild Onion	Indian Mallow	Chicory	Kochia
Dandelion	or Velvetleaf	Stinging Nettle	Cocklebur
Plantain	Galinsoga	Gumweed	Lambsquarters
Ground Ivy	Common and	Burdock	Bidens or
Pennywort	Giant	Poison Hemlock	Beggarticks
Healall	Ragweeds	Wild Radish	Blessed Thistle
Annual Mustards	Burdock		Water Hyacinth
and Yellow	St. Johnswort		
Rocket			

ADD Hemp Sesbania (coffeeweed) and

Morningglory

SELECTIVE WEEDING IN CROPS

Do not use on crops underseeded with legumes. In general, weeds are most easily killed when young and actively growing. Apply in enough water to provide uniform coverage of weeds, usually 5 to 100 gallons per acre by ground equipment and 3 to 10 gallons by aircraft. Higher gallonages can improve coverage in dense weed stands and reduce drift.

GRASSES: In established pastures, turf, and lawns, use 2 to 3 pints per acre—the light rate on more easily injured grasses. For small areas, use ¼ to 1 fluid ounce (1½ to 2 tablespoons) per 1000 sq. ft.; mix in 3 to 5 gallons of water and apply uniformly over the area. Fall or spring is best time to treat. Repeated treatments may be needed for less susceptible weeds. Treatments will kill or injure Alfalfa.

(continued on right side panel)

FOR SALE TO, USE AND STORAGE BY COMMERCIAL AGRICULTURAL, TURF AND LAND

2,4-D AMIN HERBICIDE

Insert NOTICE TO
CROP OWNERS (attached)

ACTIVE INGREDIENT:

Dimethylamine salt of 2,4-dichlorophenoxyacetic acid* 46.53

INERT INGREDIENTS: 53.47

TOTAL 100.00

*Equivalent to 38.94% of the 2,4 isomer of 2,4-D or not less than 3.76 pounds of the isomer of 2,4-D per gallon.

Isomer specific by AOAC Method No. 6.288-6.292

KEEP OUT OF REACH OF CHILDREN

DANGER/PELIGRO

PRECAUCION AL USUARIO: Si usted no lee inglés, no use este producto que la etiqueta le haya sido explicada ampliamente.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink promptly a large quantity of whites, gelatin solution, or if these are not available, large quantities of water. Avoid alcohol. NOT A PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

IF ON SKIN: Wash with plenty of soap and water. medical attention if irritation persists.

IF IN EYES: Flush with plenty of water. Get medical attention.

See Left Side Panel for Additional Precautionary

NOTICE TO CROP OWNERS

Written or oral warnings must be given to workers who are expected to be in a treated area or in an area about to be treated with this product. When oral warnings are given, warnings shall be given in a language customarily understood by workers. Oral warnings must be given if there is reason to believe that written warnings cannot be understood by workers. Oral and written warnings must include the following information: "DANGER. Area treated with 2,4-D Amine on (date of application). Do not enter without appropriate protective clothing. In case of accidental exposure, wash exposed area with plenty of water and get medical attention. For further information see "PRECAUTIONARY STATEMENTS" on the label.

RICE: Apply 1 to 2 pints per acre 5 to 7 weeks after emergence of rice seedlings. Do not apply after seed stalks have emerged.

PASTURES, RANGELAND: Apply 1½ pints per acre when annual or perennial broadleaf weeds are growing actively in spring or fall; perennials near bud stage. Legumes present may be damaged. Do not graze dairy animals on treated acres within 7 days after application. Do not apply when grass is in boot to milk stage. Do not apply to seedling grasses or after heading begins.
