WOODBURY CHEMICAL CO. OF HOMESTEAD

PRINEETON FLORIDA (11 1)

Avitrol whole corn is a pesticide for the control of feral pigeons. It is composed of a choice pigeon food impregnated with the bird management chaemical 4--aminopyridine. Untreated whole corn mixed as directed with Avitrol whole corn minimizes the possibility of distress symptoms which can occur when more than a sufficient quantity of Avitrol is ingested. Best results for the control of pigeons are obtained when a large portion of the flock is affected mildly. When properly administered few birds exhibit distress symptoms and little mortality occurs.

Prefeeding with untreated whole corn of the same appearance as the Avitrol carrier is unusually essential to the effective deterrence of birds. Careful observation of bird habits should be made in order to establish proper feeding locations where no desirable or protected bird species are present that may be able to feed on Avitrol whole corn. After pest bird feeding is established, immediately replace untreated grain with Avitrol as directed below.

For the control of pigeons in urban areas violent flock-alarming reactions produced by Avitrol can be lethal and must be avoided.

Placement should be made in high locations on buildings and ledges where prefeeding has been established.

premises.

May produce toxic symptoms if swallowed or by contact with the skin. Handle with protective gloves. Wash thoroughly with soap and water after handling, before eating or smoking. Change to clean clothing after handling. If swallowed induce vomiting and call a physician. Do not feed to livestock or chickens. Do not mix with grain for livestock feed or for human consumption. Do not contaminate streams, lakes or ponds with this material. Do not use where food (grain or meat) will pecome contaminated.

This product is toxic to birds and other wildlife. Treated bait exposed on soil surface may be hazardous to birds and other wildlife. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably forseeable to seller, and buyer assumes the risk of any such use.

## **DIRECTIONS FOR USE**

Repeat treatment until bird numbers have been reduced to acceptable levels on the

AVITROL MUST NOT BE EXPOSED IN ANY MANNER THAT MAY ENDANGER DESIRABLE AND PROTECTED BIRD SPECIES. IF THERE IS A QUESTION OF SUCH HAZARD, CONSULT LOCAL, STATE AND FEDERAL GAME AUTHORITIES BEFORE UNDERTAKING BIRD MANAGEMENT WITH AVITROL. INVESTIGATE LOCAL LAWS THAT MAY PROHIBIT THE USE OF ANY TOXIC CHEMICAL IN BIRD CONTROL.

### CAUTION **KEEP OUT OF REACH OF CHILDREN**

### **ENVIRONMENTAL CAUTIONS**

### CONTAINER DISPOSAL

### Do not reuse empty container. Destroy it by burying with waste or burning. Stay away from smoke or fumes.
