CAUTION - COMBUSTIBLE MIXTURE

DIRECTIONS

Remove nozzle cap. Hold dispenser 3 to 6 inches from surface. Aim nozzle at infested area and press valve to release spray. Move across surface at rate of 1 or 2 ft. per second, holding wet coating. Spray baseboards, cracks, storage areas, other hiding places. Spray ant trails, areas around door sills and window frames, also deep spots and wall openings. Repeat as needed. For Surface Use only. Do Not Spray into the Air.

ROACH and ANT KILLER

Roaches, Ants, Waterbugs, Silverfish, Spiders, Crickets:

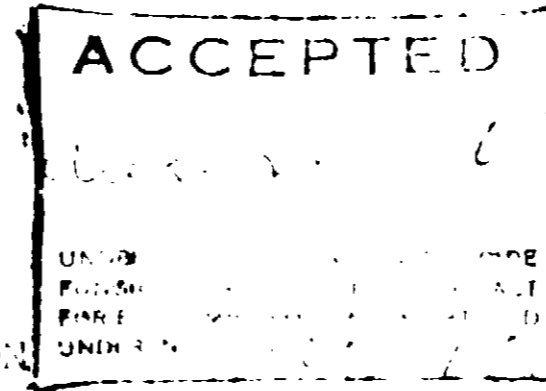

Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

Brown Dog Ticks: Thoroughly spray infested areas around bed board, windows and door frames, wall cracks, sleeping quarters of horses, hold pits and localized areas of floors and floor coverings. Application should be repeated as infestation varies, and as re-infestation occurs. Fresh bedding should be placed in animal quarters following treatment. Do not treat directly with this formulation. Carpet Beetles: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks, or closets and infested areas of shelving. Repeat as necessary.

Flies, Maggots, Weevils, Fleas, Mites, Gnat: For outdoor use only in areas where insects are present. Spray on the sides, bottoms of screens, doors, window frames or wherever insects may enter the room. Also treat areas around and light fixtures, lamp shades, in grass, and other places where these insects alight or congregate.

Fleas, Chiggers, Lice, and Ear Lice: For treatment of localized infestations of these insects on the skin, when there is no visible spray infested area, thoroughly treat the thoroughly with this formulation. Repeat application as infestation varies and as necessary.

SIDE PANEL -2-

CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid prolonged inhalation and skin contact. Wash thoroughly after using. Do not use on household pets or humans. Do not use near fire or open flame. Keep container tightly closed. Avoid contamination of feed and foodstuffs.

Store upright in cool place (not over 120° F.) Do not puncture or throw container in fire or incinerator. Asphalt tile, some linoleum, certain plastic materials and wallpapers may tend to discolor, streak or soften when wet with insecticides. Test on small inconspicuous area before spraying, or wetting such materials.

Active Ingredients

Pyrethrins.....	0.05%
*Technical piperonyl Butoxide.....	0.10%
N-octyl bicycloheptene dicarboximide.....	0.16%
O,O-Dimethyl O-(2-isopropyl-6-methyl-4-pyridyl)	
Phosphorothioate.....	0.50%
Acetone, Distilled.....	74.18%

Inert Ingredients

Dichlorodifluoromethane.....	23.00%
------------------------------	--------

*Equivalent to 0.02% of (2-ethylhexyl) (6-methyl-4-pyridyl) ether and 0.02% of related compounds.
