James P. Ringo, Director of Regulatory Affairs Bio-Cide International, Inc. P.O. Box722170 Norman, OK. 73070-8644

Subject:

Envirocon EPA Registration Number 9804-3 Amendment Application Date: October 3, 2011

Dear Mr. Ringo:

The Agency has reviewed your submission in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action to be acceptable.

12 30 2011

If your website content is false or misleading, the product would be misbranded and its sale or distribution unlawful to sell or distribute under FIFRA section 12(a)(1)(E). In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Although EPA has not yet determined the extent to which it will routinely review company websites, if the Agency finds or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from claims approved through the registration process, the website may be referred to the EPA's Office of Enforcement and Compliance Assurance.

In summary, your request to amend the label has been reviewed and will replace your previously accepted label. A stamped copy of the accepted with comments labeling is enclosed. Submit one copy of your final printed labeling before distributing or selling the product bearing the revised labeling. If you have any questions, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at luminello.tom@epa.gov.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

EnviroCON® may be used wherever malodors exist. EnviroCON[®] inhibits most odor causing bacteria and odors.

Try EnviroCON[®] in the following areas. IT WORKS!

In the following areas simply spray until covered with mist and let stand for 10 minutes.

- . Homes
- . Inside Cars
- Campers
- Motor Homes
- Restaurants
- Fire & Flood Areas
- Inside Boats
- Litter Boxes Basements

Pet Kennels

Gymnasiums

- Restrooms/
 - Bathrooms
 - Hospitals
 - Storage Lockers
- **Diaper Pails**
- Inside Shoes

- Refuse Containers
- Hotel & Motel Rooms
- . For residential control of odors associated with bacteria, mold, mildew, animals, smoke, etc. thoroughly spray source of odor with EnviroCON® or mist air by squeezing trigger several times. Severe odors may require repeat applications.
- In animal baths, add 6 oz. EnviroCON® to each gallon of bath water. .
- To treat floors, carpets, and bedding furniture add 24 oz EnviroCON® to each gallon of rinse. EnviroCON® may bleach some carpets or fabrics especially if applied on top of a previously used chemical agent. Do not apply until a sample test has been tried and observed for at least 24 hours. The manufacturer accepts no liability for carpet or fabric bleaching.
- Carpet Treatment Residential use is prohibited.
- To DEODORIZE HVAC System Ductwork: Spray EnviroCON[®] into system intake vents while system fan is running. Allow enough spray time for EnviroCON[®] to contact air duct system surfaces, Repeat application as necessary.
- For Microbial control of Evaporator Coils Drip pans and associated Air Conditioning Parts: Air Conditioning system parts must be manually precleaned prior to application using a suitable coil/drip pan cleaner. After cleaning thoroughly spray EnviroCON® on to cleaned surfaces. Do not wipe off. Allow to air dry.
- For Microbial Control of Evaporative Cooler Excelsior mats: Excelsior mats . must be thoroughly washed to remove dirt, debris or slime build-up. Liberally spray EnviroCON® onto mats for microbial control and to remove stale, musty odors. Add 2 oz. EnviroCON® per gallon of reservoir water capacity for effective environmental maintenance.

For year round maintenance, residential homes and apartment complexes should be treated two times per year. Commercial/industrial buildings and health facilities should be treated every month to ensure effective environmental control.
