

APR 02 1991

Ms. Patricia Gandolfo
Rite-Off, Inc.
1545 5th Industrial Court
Bay Shore, NY 11706

Dear Ms. Gandolfo:

Subject: Revised Label, CSF
Rite-Off Automatic Insect Fogger
EPA Registration No. 9852-6
Your Submission Dated March 8, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

1. Move the statement "It is a violation of federal law to use this product in any manner inconsistent with its labeling" directly following the heading "DIRECTIONS."
2. Modify the statement to read "Food should be removed or covered during treatment."
3. Delete ". . . except as directed on this label . . ." from "Avoid contamination of feed or foodstuff"

EPA REG. NO. 9852-6
EPA Est. No. 9852-NY-1

NET WT. 5OZ.

**KEEP OUT OF REACH OF CHILDREN
CAUTION:**

(See back panel for additional cautions)

DIRECTIONS Remove protective cap. Holding nozzle upright and as far from you as possible, aim top of nozzle against the insecting cap. Make certain nozzle is positioned for full distribution of contents. The nozzle sprays contents to protect surface immediately around and under insecting cap. This avoids insecting cap.

Law to use this product in any manner inconsistent with its labeling.

Release the contents of this fogger each 5,000 cubic feet of treated area of space. Use additional foggers for rooms where flow of air is not assured. Close doors and windows and turn off fans and air conditioning. If insecting cap is covered or removed, it should be removed or covered during treatment or thoroughly decontaminated. When using the product in large areas, apply only when the facility is not in operation. Open doors and windows to expose spaces to be treated. Extinguish all flames except pilot lights and release cap at least 6 feet away from pilot lights. For best results, leave treated space undisturbed for two hours or more.

PRECAUTIONARY STATEMENT Harmful to water. Avoid contact with spray mist. Avoid contact with skin and eyes. Avoid contact with animals and foodstuff except as directed on this label. Vacate premises after treatment and ventilate before reoccupying. Remove pets, birds, and cover fish aquariums before spraying.

CAUTION Do not remain in treated area. After treatment, open doors and windows and allow to ventilate for 30 minutes.

PHYSICAL OR CHEMICAL HAZARDS Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130 F may cause bursting. Never throw contents into fire or use as fuel.

STORAGE AND DISPOSAL Store in a cool, dry place. Do not store in plastic bag and discard contents in trash. Do not puncture or reuse container.
