

[9852-12]

NET WT. 6 OZS.

DIRECTIONS FOR USE

Remove protective cap from aerosol and press down on valve. Hold dispenser about 12 to 18 inches from surfaces to be protected and mist lightly. It is not necessary to wet surfaces.

**FOR CLOTHING:** Treat eyelets of shoes, socks and areas around any openings of clothing where insects may enter, also on those areas of clothing (except rayon) that brush or rest on the ground. Only those clothing areas actually sprayed can be expected to repel insects, and one should carefully spray for an even coverage.

**FOR EXPOSED AREAS OF THE SKIN:** This product may be applied to skin, taking care to avoid spraying in the eyes or mouth. For treating the face, spray in palm of hand, rub palms of hands together and then massage the repellent into the skin of cheeks, throat and other facial parts, except the eyes and lips. Repeat application as necessary.

CAUTION

Avoid contact with eyes or lips.

This material is a solvent to lacquer and paint, and it will soften certain plastic articles. Avoid contact with watch crystals and rayon fabrics.

**WARNING:** Contents under pressure. Do not puncture or incinerate container, nor store in direct sunlight or where temperature exceeds 120° F. Do not spray near fire or open flame.
