Q-256 II

HIGHLY CONCENTRATED GERMICIDE

Based on a Unique Blend of Quaternaries with Organic Soil Load Tolerance

Cleaner-Disinfectant-Deodorizer-Fungicide-Viricide*
Sanitizer for Hospital and Institutional Use

Active Ingredients	
Octyl Decyl Dimethyl Ammonium Chloride	3.750%
Dioctyl Dimethyl Ammonium Chloride	1.875%
Didecyl Dimethyl Ammonium Chloride	1.875%
Alkyl (C ₁₄ , 50%; C ₁₂ , 40%; C ₁₆ , 10%)	
Dimethyl Benzyl Ammonium Chloride	5.000%
Tetrasodium Ethylenediamine Tetraacetate	3.420%
Inert Ingredients	84.080%
	100.000%

KEEP OUT OF REACH OF CHILDREN

DANGER

Statement of Practical Treatment

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, as well as oxygen and measures to support breathing manually or mechanically may be needed. If persistent, convulsions may be controlled by the cautious intravenous injection of a short-acting barbiturate drug.

Directions for Use
GENERAL CLASSIFICATION

Use only as directed. Do not use on surfaces which are not normally cleaned with water.

Q-256 II is effective against bacteria, fungi and viruses. It is also effective against mold and mildew.

Apply Q-256 II to walls, floors, tables, and other hard surfaces. It is also effective against mold and mildew. It is also effective against mold and mildew.

Disinfection: For hard surfaces, add 1/2 oz. per gallon of water. Treated surfaces must remain wet for 10 minutes. After use, rinse Q-256 II off with clean water.

Sanitizing: For hard surfaces, add 1/4 oz. per gallon of water. Treated surfaces must remain wet for 10 minutes.

1/2 oz. per gallon use level: The broad spectrum activity of Q-256 II has been evaluated in the presence of 10% serum and found to be effective against the following organisms:

- Escherichia coli
- Staphylococcus aureus
- Salmonella enteritidis
- Enterobacter
- Klebsiella pneumoniae
- Enterobacter aerogenes
- Samonella typhimurium
- Streptococcus faecalis
- Shigella dysenteriae
- Bacteroides fragilis

AOAC Fungicide Test

Q-256 II is effective against fungi, including phytofungi (the athletes foot fungus) when used on surfaces such as locker rooms, showers and bath areas, even in areas of high humidity.

Virucidal Performance

*At 1/2 oz. per gallon use level Q-256 II was effective in the presence of 10% serum and found to be effective against the following viruses: Herpes Simplex (a member of the family that causes infectious mononucleosis), Varicella (representative of the poxviridae), and Influenza A (the Hong Kong 1968 virus) in the presence of 10% serum.

Sanitizing-Non-Food Contact Surfaces (such as floors, walls, tables, etc.)

At 1/4 oz. per gallon use level Q-256 II is an effective sanitizer for walls, floors, tables, etc. It is also effective against mold and mildew.
