

#### DIRECTIONS FOR USE - GENERAL CLASSIFICATIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

#### Applications:

Surface Disinfectant has been designed specifically for use in hospitals, nursing homes, institutions, offices, schools, hotels, and motels. It is effective against dirt and air refresher. It is recommended for disinfecting of toilet bowls, toilet paper holders, linen carts, hampers, wheelchairs, gait belts, bed rails, and other clean inanimate hard surface surfaces.

#### Directions:

**SURFACE DISINFECTION AND DEODORIZATION:** (1) First remove soil deposits from surface to be treated. (2) Hold can six inches from surface and spray until completely wet. Allow the surface to remain wet for 10 minutes before wiping.

**AIR DEODORIZER AND AIR REFRESHER:** Point spray wand to center of room and spray for three seconds.

**MILDEWSTAT:** To control mold and mildew on hard non-porous surfaces (such as floors, walls, table tops), spray the surface. Re-treated in 2 to 3 weeks. Completely. Let air dry. Repeat application. Excessively interfere as when it is dry with the appears.

#### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes eye and skin irritation. Do not get in eyes. See first aid section if swallowed. **WARNING: KEEP OUT OF REACH OF CHILDREN**

#### STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. For eyes, call physician. In case of contact with skin, wash with soap and water. If swallowed, drink milk, egg whites, plain oil, or mineral oil. If these are not available, drink large quantities of water. Call physician.

#### NOTE TO PHYSICIAN

Probable mucosa damage may occur in the case of prolonged use. May cause against circulatory shock, respiratory depression, and other effects may be noted.

This Surface Disinfectant is designed for use in hospitals, nursing homes, offices, institutions, offices, schools, hotels, and motels. It is effective against dirt and air refresher. It is recommended for disinfecting of toilet bowls, toilet paper holders, linen carts, hampers, wheelchairs, gait belts, bed rails, and other clean inanimate hard surface surfaces.

In addition, this Surface Disinfectant deodorizes the air in your home and hotel, keep fresh smelling (such as garbage storage areas, empty garbage cans, and in rest rooms, shower stalls, and other areas which are prone to odors caused by microorganisms).

When used as directed, Aerosol Disinfectant demonstrates effective infection against Staphylococcus aureus, Salmonella typhimurium, and Pseudomonas aeruginosa and Trichophyton mentagrophytes.

This product is fungicidal against Botrytis, Fusarium, Alternaria, and Fusarium. When used as directed on hard surfaces found in the home, car, office, hotel, and in other areas, other clean hard non-porous surfaces, it will help control the growth of mold and mildew, and the odors they cause on hard non-porous surface surfaces when used as directed.

**MOLD AND MILDEWSTAT:** This Surface Disinfectant prevents and controls mold and mildew, and the odors they cause on hard non-porous surface surfaces when used as directed.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container. Recycle when and where possible.
