NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) since you have agreed to:

1. Submit and/or cite all data or other material for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
  - a. Add the phrase, "EPA Registration No. 9852-68" before you release the product for shipment.
  - b. The name of an active ingredient may not be highlighted in the product name (i.e., "tetramethrin") unless all actives are included. We suggest deleting "tetramethrin" from the product name.
  - c. Delete the phrase "EVERCIDE - Registered trademark of McLaughlin Gormley King Co." since it is not applicable to the label.

d. All products where precautionary labeling appears on other than the front panel must bear the following statement:

See side (back) panel for additional precautionary statements.

e. The flammability of aerosol cans is currently being considered under the FR Notice of February 20, 1991 (Vol. 56, No. 34) entitled "Pesticide Aerosol Flammability; Solicitation of Comments." Until Agency policy concerning this issue is final, the following statements should be added to the use directions of all total release product labels:

Do not use this unit in a cabinet or under a counter or table. Do not use this unit in an area less than 100 cubic feet.

3. In reference to the Confidential Statement of Formula (CSF), complete blocks 14 a. and 14 b. [Note that the upper and lower certified limits must be based on the pure active ingredients rather than the technical or concentrate.]

4. In reference to the product specific data requirements, you state MRID #00121261 as the reference for Analytical Methods. On examination of this reference it is found that no details of analytical methods are stated, only the results. Please specify the method used to analyze for the active ingredients or a full reference for a published method.

5. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

George T. LaRocca
