SPECIALTY PRODUCT

TSC-908
ALGAECIDE

FOR USE IN COMMERCIAL AND INDUSTRIAL COOLING WATER SYSTEMS TO INHIBIT GROWTH OF ALGAE, FUNGI AND BACTERIA

ONLY FOR SALE TO, USE & STORAGE BY SERVICE OR MAINTENANCE PERSONS

DIRECTIONS FOR USE:

GENERAL USE CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

APPLICATION

Before treatment with "Aqua-Tech" TSC-908, systems must be cleaned to remove algal growth, microbiological slime, and other deposits. Then the system should be treated with an initial slug addition of 6.9 to 13.9 fluid ounces of "Aqua-Tech" TSC-908 per 1,000 gallons of water in the system. Repeat the initial dosage until control is evident.

Subsequent slug additions of 2.3 to 13.9 fluid ounces of "Aqua-Tech" TSC-908 per 1,000 gallons of water should be made every 1 to 5 days or as needed. The required frequency of treatment depends on the relative amount of bleed-off and the severity of the microbiological problem. Slug additions should be made to the sump of water cooling towers.

PRACTICAL TREATMENT

In case of contact, flush immediately with plenty of water for at least 15 minutes. For eyes, call a physician. If swallowed, call a physician or Poison Control Center. Drink 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

COMPOSITION:

ACTIVE INGREDIENTS 8.75%
Disodium cyanodithioimidocarbonate 3.68%
Potassium N-methyldithiocarbamate 5.07%
INERT INGREDIENT (Water) 91.25%
NET CONTENTS ___ Gallons - - - - - 9 lbs/gallon

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

KEEP OUT OF REACH OF CHILDREN

WARNING

Harmful if swallowed. This product causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. See left panel for statement of practical treatment. See right panel for additional precautionary statements.

PRECAUTIONARY STATEMENTS:

HANDLING

Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Remove and wash contaminated clothing before reuse. Keep this product from freezing.

STORAGE

Store only in the tightly closed original container in a secure area that is inaccessible to children. Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL

Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

Do not reuse empty container. Triple rinse empty container with water. Return metal drums to reconditioner or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated, or, if allowed by local authorities, by burning. If burned, stay out of smoke.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is identified and addressed specifically in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your state Water Board or Regional Office of the EPA.
