Your Letter Dated June 25, 2003

Dear Mr. Spires:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with comment.

Proposed Amendment:

- Response to PR Notice 2001-1

General Comment:

- The statement "Limited Disinfectant Against Intestinal Bacteria" is not acceptable because intestinal is not a recognizable efficacy claim. Therefore, the word "Intestinal" must be deleted from the statement.

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.
