Subject: Dishwasher Magic  
EPA Registration No. 9902-2  
Application Date: May 22, 2003  
EPA Received Date: May 23, 2003

Dear Mr. Wagner:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide (FIFRA), as amended, is acceptable:

**Proposed Amendment**

- Revise brand name
- Revise cleaning and disinfecting claims
- Revise graphics
- Revise manufacturer name and address
- Revise directions for use
- Revise EPA Registration and EPA Establishment Numbers

**General Comments**

A stamped copy of the accepted labeling is enclosed. Should you have any questions or comments concerning this letter, please contact me at 703-308-6422.

Sincerely,

Adam Heyward  
Product Manager 34

**DISHWASHER MAGIC** Dishwasher Cleaner

**Citrus Removes Lime Scale, Rust & Buildup Disinfectant\***

Active Ingredient Chlorine  
Other Ingredients Water

**CAUTION: KEEP OUT OF REACH OF CHILDREN. See back panel for additional information.**

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read the entire label before using this product.

Please Read Carefully Before Using. Must Be Used With **Empty** Dishwasher.

1. Remove cap. **DO NOT REMOVE WAX PLUG**, which will dissolve when the water temperature reaches 125° F (dispensing the cleaner).
2. Place bottle upside down inside the silverware basket or in secure position in the bottom rack.
3. Do not use with any soap or dishwasher detergent.
4. Close dishwasher door, set to normal wash cycle and start dishwasher.

Note: For best results, run hot water tap nearest dishwasher until water is hot before starting normal wash cycle.

6. After full cycle is complete and dishwasher is off, remove and discard bottle.

For heavy build up, a second application of Dishwasher Magic may be required. Use Dishwasher Magic once a month or more frequently if required to prevent buildup.

COMPLETE SATISFACTORY PERFORMANCE GUARANTEE OR MONEY REFUNDED

**WHY CLEAN YOUR DISHWASHER?**

Over time, your dishwasher can lose its cleaning ability because of lime scale, mineral deposits, rust and build up. These deposits and build up clog the openings in the water arms, reducing the water pressure for the dishwasher's cleaning action. Dishwasher Magic safely and effectively removes this build up and restores your dishwasher's peak cleaning performance.

Dishwasher interiors will often discolor turning an orange or rusty brown from the high iron content in some water. Dishwasher Magic removes this and other discolorations and helps keep your dishwasher looking like new.

Food build up and grease can occur in many dishwashers leading to staining and odors. Dishwasher Magic effectively removes food build up and odor leaving your dishwasher clean and fresh smelling.

**WHY DISINFECT YOUR DISHWASHER?**

Food build up in dishwashers can lead to the presence of harmful bacteria. Dishwasher Magic removes this food build up and leaves your dishwasher free of gram-negative bacteria\*

\* Every dishwasher manufacturer recommends regular cleaning to restore the performance and extend the life of your dishwasher.  
\* Dishwasher Magic is safe for all dishwasher model interiors, plumbing and septic systems.  
\* Use Dishwasher Magic once a month or more frequently, if required, to disinfect, ensure optimal cleaning and prevent build up.

**\* EFFECTIVE DISINFECTANT**  
Dishwasher Magic is a limited disinfectant against gram-negative bacteria Escherichia coli (ATCC 11229) and Salmonella choleraesuis (ATCC 10708). UPC

**PRECAUTIONARY STATEMENTS**  
**HAZARD TO HUMANS AND DOMESTIC ANIMALS CAUTION**  
Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling.

**FIRST AID**  
**IF ON SKIN OR CLOTHING**  
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF IN EYES**  
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes and continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going in for treatment.

**STORAGE AND DISPOSAL**  
Do not contaminate water, food, or feed by storage and disposal.  
Pesticide Storage: Store unopened package in a cool, dry place in areas inaccessible to small children.  
Container Disposal: Do not reuse empty container. Wrap and put in trash.  
\* Do not mix with chlorine bleach or any other product as harmful fumes may result.
