DISHWASHER MAGIC

Dishwasher Cleaner & Disinfectant*

**Cleans.
Freshens.
Maintains!**

Removes Limescale & Rust

Active Ingredient: Citric Acid 25.0%

CAUTION: Keep out of reach of children.

1211 02 (5A) 11/07

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Please read instructions carefully before using. Use with empty dishwasher. Do not use with dishwashing detergent.

1. Remove cap. DO NOT REMOVE WAX PLUG.

2. Place bottle upside down inside the silverware basket or in a secure position in the bottom rack.

3. Close dishwasher, run machine on hottest cycle (i.e. pots & pans, sani, etc).

Note: Water must be as hot as possible to melt wax plug. For best results, first run tap nearest dishwasher until hot.

For heavy build up, a second application of Dishwasher Magic may be required.

Use once a month to maintain your dishwasher and prevent build-up.

WHY CLEAN/DISINFECT YOUR DISHWASHER?

Over time, your dishwasher can lose its cleaning effectiveness due to build-up of lime, minerals, rust and grease. This build-up can also lead to the presence of harmful bacteria. Dishwasher Magic removes this build-up, disinfects your dishwasher and restores its cleaning performance.

All dishwasher manufacturers recommend regular cleaning to maintain dishwasher performance.
