DILUTE BEFORE USING

To disinfect combs, brushes,
scissors and other beauty shop
implements, dilute 1 fl. oz.
INECTO-CIDE to 32 fl. oz. (1
qt.) of water. This makes better
than a 1:1000 solution.

DIRECTIONS FOR USE

immerse previously cleaned
implements into prepared solu-
tion for 10 minutes or as re-
quired by law. Change solution
according to usage.

This solution is effective in water up to 850 ppm hardness.

CAUTION

KEEP OUT OF REACH OF CHILDREN. Solutions of
INECTO-CIDE should not come in contact with
food and should not be used with soap or anionic
detergents. Avoid getting in eyes or on skin. In
case of contact, wash thoroughly with water. If
irritation persists, get medical attention.
