

HANOMINT GERMICIDE
DEODORANT. FOR USE IN
SCHOOLS, THEATRES, OFFICES,
HOTEL AND PUBLIC BUILDINGS

DIRECTIONS FOR USE

An excellent disinfectant and deodorant with a pleasant minty odor and free of corrosive ingredients. Disinfects without leaving strong phenol or carbolic odors. TO USE: Dilute 1 pint HANOMINT in 12½ gallons of water or 1¼ ounces (2½ tablespoons) in 1 gallon of water.

Wash objects to be disinfected with a good soap or alkaline cleaner. Then soak in fresh solution of HANOMINT for 10 minutes. Restroom floors and fixtures, refuse containers and similar water proof objects may be treated.

For use as a deodorant and to mask odors spray or mop floors and objects with bad odors with diluted HANOMINT. Repeat as necessary to maintain a fresh minty odor.
