LEADWAY

**BLEACH
AND
DISINFECTANT**

DIRECTIONS

USE FOR WHITE AND FAST COLORS

IN THE LAUNDRY: Add 1/8 cup of LEADWAY bleach per each gallon of water. If more than 2 gallons of water is used, rinsing is unnecessary. Mix well. Wash in usual way. As a bleach for hand washing, use 2 gallons water or one cup LEADWAY bleach per each washing machine load. Rinse in several waters before drying. In automatic washing machine, add to suds water before clothing is placed in machine. If used in a tub, dilute with 1 quart of water before adding.

STAIN REMOVER: To remove scorch, ink, fruit, tea, coffee, grass, etc., add 1/2 cup of LEADWAY bleach to quart of water. Mix well and allow to stand for 10 minutes. Rinse thoroughly.

BATHROOM & KITCHEN: Use 1/8 cup LEADWAY bleach per quart of water for bathtubs, tile, linoleum, porcelain, etc., spread solution with cloth. DO NOT use on silverware. **TOILET BOWLS:** Use 1/2 cup, pour into bowl, scrub with brush. Let stand for 10 minutes and then flush. DO NOT use with ammonia or household chemical.

TO CLEANSE • DEODORIZE • DISINFECT: For All surfaces in bathroom, kitchen, etc., use 1/2 cup bleach per gallon of water. Wash thoroughly with warm sudsy solution with a cloth to wet surfaces thoroughly. Let stand for 2 minutes.

CAUTION: Undiluted LEADWAY bleach will irritate the skin and eyes. Call Physician. If accidentally taken internally, feed bread soaked in milk. Call Physician. Not for personal use.
