SPECIALLY FORMULATED FOR USE IN AND AROUND BOATS AND DOCKS . . . THE SPRAY NOZZLE OF THIS CONTAINER CAN BE ADJUSTED TO ANY DESIRED PATTERN FOR HARD TO REACH AREAS.

DIRECTIONS FOR USE: Spray under dock and around edges, dock posts (including all attached fenders or bumpers) and cracks around same where Spiders can hide, anywhere on the dock itself. On the boat,—treat all mooring cleats, behind rub rails and other exterior fittings or areas that Spiders have been seen or webs noticed, with special attention given to all openings around canvas tops, side curtains, windows and hatches. One application is generally effective for weeks. Re-treatment should be made when new webs are detected.

WET AREAS THOROUGHLY AND ALLOW TO DRY WITHOUT WIPING—THUS LEAVING A DEATH-DEALING RESIDUAL FILM.

CAUTION — HARMFUL IF SWALLOWED — Contact with the skin can cause toxic symptoms. In case of contact with the skin and after spraying, wash with soap and water. Avoid breathing spray mist. **INFLAMMABLE MIXTURE**—Do not spray into or near fire or open flame. Do not smoke while spraying. Avoid any possible contamination of food-stuffs or utensils. Do not spray on plastics, asphalt tile or any clothing.
