Active Ingredients

N-Alkyl (50% C₁₄, 40% C₁₂, 10% C₁₆) dimethyl
benzyl ammonium chlorides 10%

DIRECTIONS

Nonflammable - Nonvolatile - Do not mix with soap or anionic detergents.

GENERAL DISINFECTION AND DEODORIZATION

After cleaning, apply a solution containing 1 oz. of STERI-DU to 2 gallons of water.

SANITIZATION OF GLASSWARE, SILVERWARE, DISHES

Clean with a suitable detergent, then immerse in a solution containing (200 ppm) 1 oz. of STERI-DU in 4 gallons of water for 2 minutes. Follow this with a potable water rinse before reusing. Follow the recommendation of your local health department.

IN FOOD PROCESSING PLANTS

After cleaning, sanitize equipment by scrubbing with a solution containing (200 ppm) 1 oz. STERI-DU in 4 gallons of water. Allow equipment to remain in contact with sanitizing solution for minimum of 2 minutes. Any surface that may come in contact with food such as food processing and dairy equipment must be rinsed with potable water before reuse. For mold control of walls and ceilings—clean, rinse and apply a solution containing (200 ppm) 1 oz. STERI-DU in 3 gallons of water.

DIRECTIONS Cont.

GENERAL HOSPITAL DISINFECTION AND DEODORIZATION
After cleaning, disinfect surfaces difficult to clean or in contagious disease areas with a solution containing 1 oz. of STERI-DU to 1 gallon of water.

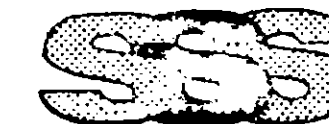

SANITIZATION OF FABRICS

After washing clothing or linen add to rinse water 1 oz. of STERI-DU to 3 gallons of rinse water. To render diapers and other linens bacteriostatic and to retard the development of ammonia that may cause diaper rash rinse in a solution containing 1 oz. STERI-DU for each 10 lb. of clothes.

NOTE: This product fulfills the criteria of Appendix F of the Grade "A" Milk Ordinance, 1965 recommendations of the U.S. Public Health Service in waters up to 550 ppm (32 grains per gallon) of hardness calculated as CaCO₃ when tested by the method outlined by Chambers.

CAUTION: STERI-DU may cause skin irritation or damage to the eyes. Harmful if swallowed. Avoid contact with skin and eyes. Do not take internally. In case of contact with skin and eyes flush immediately with plenty of water. For eyes, get medical attention. Avoid contamination of food.
