Schools

NEVA-MOR

ROACH→DEAD TRAP & POWDER

CAUTION

KEEP OUT OF REACH OF CHILDREN

Read precautionary information on back panel.

NEVA-MOR ROACH POWDER:

Is an odorless, non-staining, non-volatile, free flowing white powder. NEVA-MOR ROACH POWDER will kill the roach population within 7 to 10 days when properly applied. The powder acts slowly but continuously. When the Roaches walk on the Powder, it adheres to the insect insuring contact and kill. NEVA-MOR ROACH POWDER remains active and effective for long periods of time. Reapply as necessary.

Directions for applying NEVA-MOR ROACH POWDER:

Apply NEVA-MOR ROACH POWDER liberally. Scatter wherever roaches may hide, under and behind stove, refrigerator, dishwasher, washing machine, and dryer. Use in kitchen, bath, closets. Place in all cracks and under sink, then use container as a trap; or if you have some remaining powder this container's cover is replaceable.

Directions to use container as trap:

To use as a trap leave one teaspoon of Powder in container, add $\frac{1}{2}$ slice of fresh bread sliced into one inch squares. Place on kitchen shelf out of reach of children. Remove container in seven days and discard out of reach of children and pets.

NOTICE:

NEVA-MOR POWDER can destroy vegetation. Do not place in flower pots or grass, trees, etc.

CAUTION:

"NEVA-MOR ROACH POWDER" SHOULD BE PLACED IN SUCH A MANNER THAT IT CANNOT BE REACHED BY CHILDREN OR PETS. DO NOT PLACE POWDER ON AN OPEN FLOOR. THE AMOUNT OF ROACH POWDER USED IN CLOSETS, UNDER SINKS, AND OTHER ACCESSIBLE PLACES SHOULD NOT EXCEED $\frac{1}{2}$ TEASPOONFUL IN EACH SPOT TREATED. DO NOT LEAVE THE CONTAINER WHERE CHILDREN OR ANIMALS MAY TAKE INTERNALLY. AVOID CONTAMINATION OF FEED AND FOODSTUFFS.

ROACH → TRAP & POWDER

is an odorless, non staining, non volatile, free flowing white powder. NEVA-MOR ROACH POWDER will kill the roach population within 7 to 10 days when properly applied. The powder acts slowly but continuously. When the Roaches walk on the Powder it adheres to the insect insuring contact and kill. NEVA-MOR ROACH POWDER remains active and effective for long periods of time. Reapply as necessary.

Apply NEVA-MOR ROACH POWDER liberally. Scatter wherever roaches may hide, under and behind stove, refrigerator, dishwasher, washing machine, and dryer. Use in kitchen, bath, closets. Place in all cracks and under sink, then use container as a trap, or if you have some remaining powder the container's cover is replaceable.

Use as a trap: leave the trap open if Powder container is full. Sprinkle fresh powder in trap every 10th square. Place in a tight seal to keep out reach of children. Remove container in several days to see if it is full of roaches.

NEVA-MOR ROACH POWDER is a registered trademark of NEVA-MOR ROACH POWDER CO.
