

[10088-21]

**DIRECTIONS FOR USE**

**To Kill Flies, Mosquitoes and Gnats:** Dilute one part plus 19 parts of water and spray vigorously in all parts of room, using about 1 ounce per 1000 cubic feet of space. Leave room closed for 15 minutes. Sweep up and destroy fallen insects. Repeat as needed.

**To Kill Roaches and Waterbugs:** Dilute 1 part plus 9 parts of water and spray to point of run off all cracks, crevices, underneath sinks, behind pipes, around base of all machines, paying particular attention to dark areas in which roaches might hide or nest. Contact as many insects as possible while spraying. Repeat when necessary.

**To Kill Fleas (Infesting Premises):** Dilute 1 part plus 15 parts water. Remove and destroy animals' bedding and spray sleeping quarters liberally, forcing spray into all cracks in the floor and about room. Repeat when necessary.

**To Kill Carpet Beetles:** Dilute 1 part plus 9 parts of water. Spray liberally all infested areas, paying particular attention to cracks, crevices, and other hiding places. Spray liberally the undersides of infested carpets. Repeat as needed.

# ESPC

**EMULSIFIABLE SYNERGIZED PYRETHRUM CONCENTRATE**

To be diluted with water and used in institutions, dairies, bakeries, canneries, meat packing plants, flour mills, bottling plants, creameries, cheese factories, peanut mills, candy factories and other industrial establishments.

**ACTIVE INGREDIENTS:**

Pyrethrins	1.20%
*Piperonyl butoxide, technical	2.40%
N-octyl bicycloheptene dicarboximide	3.96%
Petroleum distillate	87.44%

**INERT INGREDIENTS**

	5.00%
<b>Total</b>	<b>100.00%</b>
*Consists of 1.92% (butylcarbityl)(6-propylpropronyl) ether and 0.48% related compounds	

**CAUTION:**

Harmful if swallowed.  
Causes irritation of skin and eyes. Avoid contact with skin, eyes, or clothing.

**KEEP OUT OF REACH OF CHILDREN**  
See other precautions on the side panel.

USDA REGISTRATION NO. 10088-21

**ATHEA LABORATORIES, INC. Milwaukee, Wis.**

**To Kill the Accessible Stages of Granary Insects such as Weevils, Flour Beetles, Meal Moth Larvae and Adults, Cadelles and Saw-Toothed Grain Beetles:** Dilute 1 part plus 9 parts of water. To control the crawling or migrating forms, apply to point of run off to all areas infested by these insects. Pay particular attention to cracks and crevices in floors, walls, and ceilings. Spray thoroughly around and into floor drains, conveyors, and other areas where Granary Insects may be found. For Flour Moths, treat as for flies, mosquitoes and gnats. See above. Do not apply this spray to surfaces that may come in contact with food; excessive residues in food may result.

**WHEN USED IN AN ENCLOSED AREA DO NOT REMAIN IN AREA. VENTILATE AREA WHEN TREATMENT IS COMPLETED.**

**CAUTION**

KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Do not apply directly to food. Cover or remove all food and food processing equipment before application. Do not apply with food processing equipment. After spraying on meat packing plants, bakeries and other food processing plants, clean with potable water all equipment, benches, machinery, etc. where exposed food will be handled. In case washing is impractical, do not allow food to come in contact with treated surfaces for at least 48 hours. Do not store, pour or spray near heat or open flame. Keep container closed.
